

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT

RULE 301 – PERMIT FEES

*(Amended June 2, 1989)(Amended June 1, 1990)(Amended June 7, 1991)
(Amended December 6, 1991)(Amended June 5, 1992)(Amended July 10, 1992)
(Amended June 11, 1993)(Amended October 8, 1993)(Amended June 10, 1994)
(Amended May 12, 1995)(Amended October 13, 1995)(Amended May 10, 1996)
(Amended May 9, 1997)(Amended May 8, 1998)(Amended June 12, 1998)
(Amended May 14, 1999)(Amended May 19, 2000)(Amended May 11, 2001)*

RULE 301 – PERMIT FEES	
TABLE OF CONTENTS	
(a)	Applicability..... 301-1
(b)	Definitions..... 301-2
(c)	Fees for Permit Processing..... 301-8
(1)	Permit Processing Fee 301-8
(A)	Permit Processing Fee Applicability 301-8
(B)	Notice of Amount Due and Nonpayment Penalties..... 301-9
(C)	Payment for Permit Processing of Equipment Already Constructed 301-10
(D)	higher Fee for Failing to Obtain a Permit 301-10
(E)	Small Business 301-11
(F)	Fees for Permit Processing for Identical Equipment 301-11
(G)	Discounts for Small Business and Identified Equipment 301-11
(H)	Fees for Permit Processing for Certified Equipment Permits and Registration Permits..... 301-12
(I)	Applications Submitted for Equipment Previously Exempted by Rule 219..... 301-12
(J)	Standard Streamlined Permits 301-12
(2)	Fee for Change of Operator or Additional Operator..... 301-13
(3)	Change of Operating Condition, Alteration/ Modification/Addition..... 301-13
(4)	Fee for Evaluation of Applications for Emission Reductions 301-14
(5)	Fee Waiver for Equipment Destroyed or Relocated due to a "State of Emergency"..... 301-14
(6)	Fee for Serial Number Change of Similar Equipment 301-15
(d)	Annual Operating Permit Renewal Fee 301-15

(1)	Renewal of Temporary Permit to Operate New Equipment	301-15
(2)	Annual Operating Fees	301-15
(3)	Credit for Solar Energy Equipment	301-16
	(A) Computation.....	301-16
	(B) Limitation	301-16
(4)	Renewal of Temporary Permit to Operate New Equipment	301-16
(5)	Renewal of Temporary Permit to Operate Existing Equipment	301-17
(6)	Annual Renewal Date	301-17
(7)	Annual Renewal Date for Change of Operator	301-17
(8)	Notice of Amount Due and Nonpayment Penalties.....	301-17
(9)	Annual Operating Fees for Redundant Emission Controls.....	301-18
(e)	Annual Emissions Fee.....	301-18
	(1) Annual Operating Permit Emission Fee Applicability	301-18
	(2) Emissions Reporting and Fee Calculation	301-18
	(3) Exception for the Use of Clean Air Solvents	301-19
	(4) Flat Annual Emission Fee	301-19
	(5) Emission Fee Thresholds	301-19
	(6) Clean Fuels Fee Thresholds	301-20
	(7) Fees for Toxic Air Contaminants or Ozone Depleters	301-20
	(8) Declaration of Total Emissions from Preceding Reporting Period and Unreported or Under-reported Emissions from Prior Reporting Periods.....	301-21
	(9) Notice to Pay and Late Filing Penalties.....	301-22
	(10) Semi-Annual Emissions Fee Payment	301-24
	(11) Fee Payment Subject to Validation.....	301-25
	(12) Exemption for Acetone, Ethane, Parachlorobenzotri-fluoroide (PCBTF), Volatile Methylated Siloxanes (VMS)	301-25
	(13) Exception for Methyl Acetate	301-25
	(14) Reporting Emissions and Paying Fees on July 1, 2000	301-25
(f)	Certified Permit Copies and Reissued Permits.....	301-25
(g)	Reinstating Expired Applications or Permits	301-26
(h)	Reinstating Revoked Permits.....	301-26

(i)	Special Permit Processing Fees - California Environmental Quality Act (CEQA) Documentation Preparation, Air Quality Analysis, Health Risk Assessment, and Public Notice on Significant Projects.....	301-26
(1)	Payment for CEQA Document Preparation.....	301-26
(2)	Payment for Air Quality Analysis.....	301-27
(3)	Payment for Health Risk Assessment	301-28
(4)	Payment for Public Notice on Significant Projects.....	301-29
(5)	Payment for Review of Continuous Emissions Monitoring System (CEMS), Fuel Sulfur Monitoring System (FSMS), and Alternative Continuous Emissions Monitoring System (ACEMS)	301-29
(A)	New Application for Process Equipment Requiring CEMS or, Alternatively, an FSMS or ACEMS to Comply with the CEMS Requirement.....	301-29
(B)	Modification of an Existing Certified CEMS, FSMS, or ACEMS	301-29
(C)	Modification of CEMS, FSMS, or ACEMS Monitored Equipment	301-30
(D)	Periodic Assessment of an Existing RECLAIM CEMS, FSMS, or ACEMS	301-31
(E)	CEMS, FSMS, or ACEMS Change of Ownership.....	301-31
(6)	Payment for Review and Certification of Barbecue Charcoal Igniter Products.....	301-31
(7)	Fees for Inter-basin, Inter-district, or Interpollutant Transfers of Emission Reduction Credits.....	301-32
(8)	Fees for Grid Search to Identify Hazardous Air Pollutant Emitting Facilities	301-32
(j)	Request for Time Extension of Payment Due.....	301-32
(k)	Adjustment of Fees.....	301-33
(l)	Refunds	301-33
(m)	Fee Waivers and Reductions.....	301-34
(n)	Government Agencies	301-34

(o)	RECLAIM Facilities	301-34
(1)	Assessment for Fees for RECLAIM Facility Permit and/or Amendment, Change or Operating Condition, Change of Operator, Annual Operating Permit, Transaction Registration, RECLAIM Pollutant Emission, Duplicate Permits, Reissued, Permits, RECLAIM Breakdown	301-34
(2)	RECLAIM Fees Applicability.....	301-35
(3)	Rule 301 - Permit Fees Applicability.....	301-35
(4)	Facility Permit Fees	301-35
(5)	Facility Permit Amendment	301-35
(6)	Change of Operating Condition.....	301-35
(7)	Fee for Change of Operator.....	301-36
(8)	Annual Operating Permit Renewal Fee	301-36
(9)	Transaction Registration Fee.....	301-37
(10)	RECLAIM Pollutant Emission Fee	301-37
(11)	Certified Permits Copies	301-39
(12)	Reissued Permits.....	301-39
(13)	Breakdown Emission Report Evaluation Fee.....	301-39
(14)	Breakdown Emission Fee.....	301-39
(15)	Mitigation of Non-Tradeable Allocation Credits	301-39
(16)	Evaluation Fee to Increase an Annual Allocation for a Level Greater than a Facility's Starting Allocation Plus Non-Tradable Credits.....	301-40
(p)	Title V Facilities	301-40
(1)	Applicability.....	301-40
(2)	Rule 301 Applicability.....	301-40
(3)	Permit Processing Fees for Existing Facilities with Existing District Permits Applying for an Initial Title V Facility Permit	301-40
(4)	Permit Processing Fee Applicability.....	301-42
(5)	Rule 301 Fee Applicability	301-42
(6)	Administrative Permit Revision Fee.....	301-42
(7)	Permit Revision Fee.....	301-42
(8)	Renewal Fees.....	301-42
(9)	Public Notice Fees	301-43
(10)	Public Hearing Fees	301-43
(11)	Application Cancellation.....	301-43

(12)	Notice of Amount Due and Nonpayment Penalties	301-43
(13)	Exclusion Requests	301-43
(q)	All Facility Permit Holders	301-44
(1)	Applicability	301-44
(2)	Rule 301 Applicability	301-44
(3)	Facility Permit Revision	301-44
(4)	Change of Operating Condition	301-44
(5)	Fee for Change of Operator	301-44
(6)	Annual Operating Permit Renewal Fee	301-44
(7)	Certified Permit Copies	301-45
(8)	Reissued Permits	301-45
(r)	Asbestos Fees	301-45
(s)	Lead Abatement Notification Fees	301-46
(t)	NESHAP Evaluation Fee	301-46
(u)	Fees for Certification of Clean Air Solvents	301-47
(v)	All Facility Registration Holders	301-47
(1)	Applicability	301-47
(2)	Rule 301 Applicability	301-47
(3)	Fee Applicability to Existing Facilities	301-47
(4)	Duplicate of Facility Registrations	301-48
(5)	Reissued Facility Registrations	301-48
(w)	Service Charge for Returned Check	301-48
(x)	Fees for Non-permitted Emission Sources Subject to Rule 222	301-48
(1)	Initial Filing Fee	301-48
(2)	Change of Operator Fee	301-48
(3)	Annual Renewal Fee	301-48
(y)	Optional Expedited Permit Processing Fee	301-50
(z)	Enforcement Inspection Fees for Statement Equipment	301-50

RULE 301. PERMITTING AND ASSOCIATED FEES

(a) Applicability

California Health and Safety Code Section 40510 provides authority for the South Coast Air Quality Management District to adopt a fee schedule for the issuance of permits to cover the cost of evaluation, planning, inspection, and monitoring related to that activity. This rule establishes such a fee schedule and requires that fees be paid for:

- (1) Permit processing for Facility Permits [see subdivisions (o), (p) and (q)], Facility Registrations [see subdivision (v)], and Permits to Construct and/or Permits to Operate equipment (submitted pursuant to Regulation II) that may cause air pollution or equipment intended to control air pollution [see subdivision (c)].
- (2) Processing of applications for effecting emission reductions, banking emissions, obtaining emissions reduction credit certificates, or registering emission reduction credits, pursuant to Regulation XIII [see paragraph (c)(4)].
- (3) Annual operating permit renewal fee [see subdivision (d)].
- (4) Annual operating permit emissions fee [see subdivision (e)] or Regional Clean Air Incentives Market (RECLAIM) Trading Credits (RTCs) [see subdivision (o)].
- (5) Duplicate and reissued permits [see subdivision (f)].
- (6) Reinstating expired applications or permits [see subdivision (g)].
- (7) Reinstating revoked permits [see subdivision (h)].
- (8) RECLAIM Transaction Registration Fee [see subdivision (o)].
- (9) Non-Tradeable Allocation Credit Mitigation Fee [see subdivision (o)].
- (10) Environmental Impact Analysis, Air Quality Analysis, Health Risk Assessment, Public Notification on Significant Projects and Emission

Reduction Credits (pursuant to Regulation XIII - New Source Review) [see paragraph (c)(4) and subdivision (i) of this rule].

- (11) Asbestos demolition and renovation activities [see subdivision (r)].
- (12) Lead abatement activities [see subdivision (s)].
- (13) Evaluation of permit applications submitted for compliance under a National Emission Standard for Hazardous Air Pollutants (NESHAP) [see subdivision (t)].
- (14) Certification of Clean Air Solvents [see subdivision (u)].

(b) Definitions

For the purpose of this rule, the following definitions shall apply:

- (1) ALTERATION or MODIFICATION means any physical change, change in method of operation of, or addition to, an existing equipment requiring an application for Permit to Construct pursuant to Rule 201. Routine maintenance and/or repair shall not be considered a physical change. A change in the method of operation of equipment, unless previously limited by an enforceable permit condition, shall not include:
 - (A) An increase in the production rate, unless such increase will cause the maximum design capacity of the equipment to be exceeded; or
 - (B) An increase in the hours of operation.
- (2) BANKING means the process of recognizing and certifying emission reductions and registering transactions involving emission reduction credits.
- (3) CANCELLATION is an administrative action taken by the District which nullifies or voids a previously pending application for a permit.
- (4) CERTIFIED EQUIPMENT PERMIT means a permit issued to a manufacturer or distributor for a specific model or series of models of equipment. By this permit, the District certifies that the equipment meets all District rules and Best Available Control Technology (BACT) requirements under a set of conditions. Eligibility for the certification process shall be limited to equipment for which the following conditions exist, as determined by the Executive Officer:
 - (A) Equipment operation and emission characteristics will be applicable to a number of identical pieces of equipment;

- (B) Permitting can be accomplished through the use of identical permit conditions for each piece of equipment regardless of use or location;
- (C) The equipment is exempt from emission offsets as defined in Rule 1304(a)(4) or Rule 1304(a)(5); or the emissions of each criteria pollutant, except lead, are determined to be less than the limits listed in Rule 1303, Appendix A, Table A-1; and
- (D) The equipment does not emit lead or the toxic emissions do not result in a Maximum Individual Cancer Risk (MICR) equal to or greater than one in a million as calculated according to Rule 1401.

Certified Equipment Permit shall be valid for one year, and shall be renewed annually if the Executive Officer determines the equipment meets all District rules and BACT requirements. Certification shall not relieve the person constructing, installing or operating the equipment from the requirement to obtain all necessary permits to construct and permits to operate, or from compliance with any other District rule including the requirements of Regulation XIII.

- (5) CLEAN AIR SOLVENT is a VOC-containing material used to perform solvent cleaning, solvent finishing, or surface preparation operations or activities, which:
 - (A) Contains no more than fifty (50) grams of VOC per liter of material, as supplied;
 - (B) Exerts no more than five (5) mm Hg of VOC composite partial vapor pressure at 20°C (68°F);
 - (C) Reacts to form ozone at a rate not exceeding that of toluene;
 - (D) Contains no compounds classified as Toxic Air Contaminants (TACs) by the Federal Clean Air Act, or Ozone Depleting Compounds (ODCs) and Global Warming Compounds (GWCs) as defined by the District; and,
 - (E) Has been certified by the District to meet the criteria stated in subparagraphs (b)(5)(A) through (b)(5)(D) according to test methods and procedures approved by the District.
- (6) CLEAN AIR SOLVENT CERTIFICATE is a certificate issued by the District to a manufacturer or distributor for a specific product or class of products that meet(s) the criteria for a Clean Air Solvent.

- (7) CONTINUOUS EMISSIONS MONITORING SYSTEM (CEMS) is a system comprised of components that continuously measure all parameters necessary to determine pollutant concentration or pollutant mass emissions, pursuant to a District rule or regulation.
- (A) For the purpose of this rule, a CEMS includes, but is not limited to, the following analyzers, monitors, components, systems, or equipment:
- (1) Pollutant concentration analyzer(s) (e.g., NO_x, SO_x, CO, Total Sulfur) and associated sample collection, transport, and conditioning equipment, and data acquisition and logging systems,
 - (2) Diluent gas analyzer (O₂ or CO₂),
 - (3) Flow monitor (direct in-stack measurement or indirectly calculated from fuel usage or other process parameters approved by the Executive Officer), and
 - (4) Other equipment (e.g., moisture monitor) as required to comply with monitoring requirements.
- (B) For the purpose of this rule, a “time-shared CEMS” means a CEMS as described in subparagraph (7)(A) which is common to several sources of emissions at the same facility.
- (C) For the purpose of this rule, a “Fuel Sulfur Monitoring System” or “FSMS” may be used as an alternative to a CEMS SO_x monitoring requirement, subject to District Rules and Regulations, and the approval of the Executive Officer. An FSMS is a total sulfur monitoring system configured similar to the CEMS described in subparagraph (7)(A) but, as an alternative to directly monitoring SO_x emissions at sources required to have SO_x CEMS (at the same facility), SO_x emission information at each affected source is determined “indirectly” by monitoring the sulfur content of the fuel gas supply firing the affected sources.
- (D) For the purpose of this rule, an “Alternative Continuous Emissions Monitoring System” or “ACEMS” (also known as a “Predictive or Parametric Emissions Monitoring System” or “PEMS”) may be used as an alternative to a CEMS pollutant monitoring requirement, subject to District Rules and Regulations, and the approval of the Executive Officer. Instead of directly monitoring

the pollutant emissions at a source required to have a CEMS as in subparagraph (7)(A), emission information is “predicted” by the ACEMS or PEMS by monitoring key equipment operating parameters (e.g., temperature, pressure) at the affected source, irrespective of exhaust gas or fuel supply analysis.

- (8) EMISSION FACTOR means the amount of air contaminant emitted per unit of time or per unit of material handled, processed, produced, or burned.
- (9) EMISSION REDUCTION CREDIT (ERC) means the amount of emissions reduction which is verified and determined by the Executive Officer to be eligible for credit in an emissions reduction bank.
- (10) EMISSION SOURCE is any equipment or process subject to Rule 222. The source does not require a permit, but the owner/operator is required to file information pursuant to Rule 222 and Rule 301(x).
- (11) EQUIPMENT means any article, machine, or other contrivance, or combination thereof, which may cause the issuance or control the issuance of air contaminants, and which:
 - (A) Requires a permit pursuant to Rules 201 and/or 203; or
 - (B) Is in operation pursuant to the provisions of Rule 219
- (12) EXPIRATION means the end of the period of validity for an application, Permit to Operate, or a temporary Permit to Operate.
- (13) FACILITY means any source, equipment, or grouping of equipment or sources, or other air contaminant-emitting activities which are located on one or more contiguous properties within the District, in actual physical contact or separated solely by a public roadway or other public right-of-way, and are owned or operated by the same person (or persons under common control) or an outer continental shelf (OCS) source as defined in 40 CFR § 55.2. Such above-described groupings, if on noncontiguous properties but connected only by land carrying a pipeline, shall not be considered one facility. Equipment or installations involved in crude oil and gas production in Southern California coastal or OCS waters, and transport of such crude oil and gas in Southern California coastal or OCS waters, shall be included in the same facility which is under the same ownership or use entitlement as the crude oil and gas facility on-shore.

- (14) FACILITY PERMIT is a permit which consolidates existing equipment permits and all new equipment at a facility, into one permit. A facility permit may be issued pursuant to Regulation XX and/or XXX.
- (15) FACILITY REGISTRATION is a permit which consolidates existing equipment permits and all new equipment at a facility into one permit. A Facility Registration may be issued at District discretion to any facility not subject to Regulation XX or XXX.
- (16) IDENTICAL EQUIPMENT means any equipment which is to be operated by the same operator, and have the same equipment address, and have the same operating conditions and processing material to the extent that a single permit evaluation would be required for the set of equipment. Portable equipment, while not operating at the same location, may qualify as identical equipment.
- (17) NON-ROAD ENGINE is a portable engine that requires a permit and is certified by the Executive Officer to be a Non-Road Engine regulated by U.S. EPA pursuant to 40 CFR Part 89.
- (18) PREMISES means one parcel of land or contiguous parcels of land under the same ownership or entitlement to use, not including the parcels which are remotely located and connected only by land carrying a pipeline.
- (19) QUALIFYING PORTABLE ENGINE is a portable engine that requires a permit and is certified by the Executive Officer to meet all the requirements of Non-Road Engine of 40 CFR Part 89 except date of manufacture, and has been demonstrated to meet the emission limitations of 40 CFR Section 89.112-96.
- (20) RECLAIM TRADING CREDITS (RTCs) means the amount of emissions credit available to a facility for use at the facility for transfer or sale to another party. Each RTC has a denomination of one pound of RECLAIM pollutant and a term of one year, and can be issued as part of a facility's Annual Allocation or alternatively in the form of an RTC certificate.
- (21) REGISTRATION PERMIT means a permit to construct or permit to operate issued to an owner/operator of equipment which has previously been issued a Certified Equipment Permit by the District. The owner/operator shall agree to operate under the conditions specified in the Certified Equipment Permit.

- (22) RELOCATION means the removal of an existing source from one parcel of land in the District and installation on another parcel of land where the two parcels are not in actual physical contact and are not separated solely by a public roadway or other public right-of-way.
- (23) REVOCATION is an action taken by the Hearing Board following a petition by the Executive Officer which invalidates a Permit to Construct or a Permit to Operate.
- (24) SMALL BUSINESS is as defined in Rule 102 as "Small Business."
- (25) SPECIFIC ORGANIC GASES are any of the following compounds:
 - trifluoromethane (HFC-23)
 - chlorodifluoromethane (HCFC-22)
 - dichlorotrifluoroethane (HCFC-123)
 - tetrafluoroethane (HFC-134a)
 - dichlorofluoroethane (HCFC-141b)
 - chlorodifluoroethane (HCFC-142b)
 - 1,1,1-trifluoroethane (HFC-143a)
 - 1,1-difluoroethane (HFC-152a)
 - cyclic, branched, or linear, completely fluorinated alkanes
 - cyclic, branched, or linear, completely fluorinated ethers with no unsaturations
 - cyclic, branched, or linear, completely fluorinated tertiary amines with no unsaturations
 - sulfur-containing perfluorocarbons with no unsaturations and with sulfur bonds only to carbon and fluorine.
- (26) STREAMLINED STANDARD PERMIT means a permit issued for certain types of equipment or processes commonly permitted by AQMD with pre-set levels of controls and emissions. The operating conditions and other qualifying criteria are pre-determined by the AQMD and provided to the permit applicant in the permit application package for concurrence.
- (27) STATEWIDE EQUIPMENT is equipment with a valid registration certificate issued by CARB for the Statewide Portable Equipment Registration Program.
- (28) STATIONARY SOURCE (or SOURCE) means any grouping of equipment or other air contaminant-emitting activities which are located

on parcels of land within the District, in actual physical contact or separated solely by a public roadway or other public right-of-way, and are owned or operated by the same person or by persons under common control. Such above-described groupings, if remotely located and connected only by land carrying a pipeline, shall not be considered one stationary source. (Under RECLAIM, a SOURCE is any individual unit, piece of equipment or process which may emit an air contaminant and which is identified, or required to be identified, in the RECLAIM Facility Permit.)

- (29) TEMPORARY PERMIT TO OPERATE represents interim authorization to operate equipment until the Permit to Operate is granted or denied. A temporary Permit to Operate is not issued by the District but may exist pursuant to Rule 202.

(c) Fees for Permit Processing

(1) Permit Processing Fee

(A) Permit Processing Fee Applicability

Except as otherwise provided in this rule, every applicant who files an application for a Permit to Construct, Permit to Operate, Facility Permit, or a revision to a Facility Permit, shall, at the time of filing, pay a permit processing fee.

- (i) Except as otherwise provided in this paragraph, the permit processing fee shall be determined in accordance with the eleven schedules (A through I) set forth in the Summary Permit Fee Rates tables at the time the application is deemed complete.
- (ii) A person applying for permits for relocation of equipment shall pay fees in accordance with the eleven schedules (A through I) set forth in the Summary Permit Fee Rates tables at the time the application is deemed complete.
- (iii) A person applying for permits for any equipment/process not otherwise listed in Table I shall pay the fees associated with Schedule C. Prior to the issuance of a permit, these fees are subject to adjustment, as necessary.
- (iv) For applications submitted prior to July 1, 1990, the applicant shall pay a permit processing fee as specified in

the Summary Permit Fee Rates tables, less any previously paid filing fees not to exceed the amount due. These fees are due and payable within thirty (30) days of receipt of notification.

- (v) In the event a Permit to Construct expires under the provisions of Rule 205, and the applicable rules, regulations, and BACT for that particular piece of equipment have not been amended since the original evaluation was performed, the permit processing fee for a subsequent application for a similar equipment shall be the fee established in the Summary Permit Fee Rates - Change of Operator table according to the applicable schedule under the Change of Operator category, provided the subsequent application is submitted within one (1) year from the date of expiration of either the Permit to Construct, or an approved extension of the Permit to Construct.

(B) Notice of Amount Due and Nonpayment Penalties

For fees due upon notification, such notice may be given by personal service or by deposit, postpaid, in the United States mail and shall be due thirty (30) days from the date of personal service or mailing. For the purpose of this subparagraph, the fee payment will be considered to be received by the District if it is postmarked by the United States Postal Service on or before the expiration date stated on the billing notice. If the expiration date falls on a Saturday, Sunday, or a state holiday, the fee payment may be postmarked on the next business day following the Saturday, Sunday, or the state holiday with the same effect as if it had been postmarked on the expiration date. Nonpayment of the fee within this period of time will result in expiration of the application and voiding of the Permit to Construct or Permit to Operate. No further applications will be accepted from the applicant until such time as overdue permit processing fees have been fully paid. If an application is canceled, a permit processing fee will be charged if evaluation of the application has been initiated.

- (C) **Payment for Permit Processing of Equipment Already Constructed**
In the case of application for a Permit to Operate equipment already constructed, or where a Permit to Construct was granted prior to August 1, 1982, the applicant shall pay the permit processing fee within thirty (30) days of receipt of notification. In the case where a portion of the permit evaluation fee was paid when a Permit to Construct was granted, the amount paid shall be credited to the amount due for permit processing in accordance with the Summary Permit Fee Rates tables, and shall be due within thirty (30) days of receipt of notification. In both cases, payment shall be as specified in subparagraph (c)(1)(B) of this rule. If, at the time the Permit to Operate is granted or denied, it is determined that any annual operating permit fee as provided in subdivision (d) of this rule had been based on incorrect information, the applicant will be billed for or credited with the difference, as appropriate.
- (D) **Higher Fee for Failing to Obtain a Permit**
When equipment is operated, built, erected, installed, altered, or replaced (except for identical equipment) without the owner/operator first obtaining a required Permit to Construct or Permit to Operate, the permit processing fee shall be 150 percent (150%) of the amount set forth in the Summary Permit Fee Rates tables of this rule unless the applicant is a Small Business as defined in this provision and the facility has no prior permit applications, Permit to Construct or Permit to Operate (as evidenced by a facility identification number) with the District in which case the permit processing fee shall be the amount set forth in the Summary Permit Fee Rates tables of this rule. The assessment of such fee shall not limit the District's right to pursue any other remedy provided for by law. Fees are due and payable within thirty (30) days of receipt of notification. [See subparagraph (c)(2)(B).]
For purposes of assessing a higher fee for failing to obtain a permit only, small business shall be defined as a business which is

independently owned and operated and not an affiliate of a non-small business entity and meets the following criteria:

- (i) If a non-manufacturer, the number of employees is 25 or less and the total gross annual receipts are \$1,000,000 or less; or
- (ii) If a manufacturer, the number of employees is 50 or less and the total gross annual receipts are \$5,000,000 or less, or
- (iii) Is a not-for-profit training center.

(E) Small Business

When applications are filed in accordance with the provisions of subparagraphs (c)(1)(A), (c)(1)(H)(i), or paragraph (c)(3) for a small business, the fees assessed shall be fifty percent (50%) of the amount set forth in the Summary Permit Fee Rates - Permit Processing, Change of Conditions, Alteration/Modifications table and in the Summary ERC Processing Rates – Banking, Change of Title, Alteration/Modification table.

(F) Fees for Permit Processing for Identical Equipment

When applications are submitted in accordance with the provisions of subparagraphs (c)(1)(A), (c)(1)(D), (c)(1)(E), (c)(1)(I), paragraphs (c)(3) or (c)(4) concurrently for identical equipment, full fees for the first equipment, and fifty percent (50%) of the applicable permit processing fee for each additional equipment shall be assessed. The provisions of this subparagraph do not apply to Certified Equipment Permits, Registration Permits, Non-Road and Qualifying Engine Permits, and the exceptions mentioned in paragraphs (c)(3)(A), (c)(3)(B), and (c)(3)(C). This subparagraph shall, upon request of the applicant, apply to applications which have been received before July 1, 1996, but not yet been processed or which have not received final determination regarding applicable permit processing fees.

(G) Discounts for Small Business and Identified Equipment

Applications qualifying with the provisions of both subparagraph (c)(1)(E) and (c)(1)(F) shall only be entitled to one fee discount equivalent to the maximum discount afforded under either subparagraph.

(H) Fees for Permit Processing for Certified Equipment Permits and Registration Permits

- (i) Persons applying for a Certified Equipment Permit shall pay a one-time permit processing fee for each application. The fee shall be determined in accordance with the Summary Permit Fee Rates tables of this rule. No annual operating permit renewal fee shall be charged.
- (ii) A permit processing fee equal to 50% of Schedule A Permit Processing Fee of the Summary Permit Fee Rates table shall be assessed to a person applying for a Change of Operator for a Certified Equipment Permit.
- (iii) A permit processing fee equal to 50% of Schedule A Permit Processing Fee of the Summary Permit Fee Rates table shall be charged to a person applying for a Registration Permit to Construct and Permit to Operate for certified equipment. Annual operating permit renewal fees shall be paid pursuant to subdivision (d).
- (iv) When certified equipment is built, erected, installed, or replaced (except for identical replacement) without the owner/operator obtaining a required Rule 201 Permit to Construct, the permit processing fee assessed shall be 150 percent (150%) of the amount set forth in subparagraph (c)(1)(H)(iii) of Rule 301.

(I) Applications Submitted for Equipment Previously Exempted by Rule 219

When applications for equipment are submitted within one year after the adoption of the most recent amendment to Rule 219 and are filed in accordance with the provisions of subparagraphs (c)(1)(A), (c)(1)(F), paragraphs (c)(2), or (c)(3) and require a permit, solely due to the most recent amendments to Rule 219, the permit processing fees assessed shall be in accordance with Schedule A.

(J) Standard Streamlined Permits

The Streamlined Standard Permit application processing fee shall be \$350.00, except that the fee shall not exceed the applicable permit processing fee including small business discount if

applicable. There shall be no small business discount on the basic fee of \$350.00. Applications submitted for existing equipment which is operating and qualifies for a Streamlined Standard Permit shall be assessed an application processing fee in accordance with the provisions of subparagraph 301(c)(1)(D).

(2) **Fee for Change of Operator or Additional Operator**

Under Rule 209 (Transfer and Voiding of Permits), a permit granted by the District is not transferable. Every applicant who files an application for a change of operator or additional operator with the same operating conditions of a Permit to Operate shall be subject to a permit processing fee as follows:

(A) The permit processing fee shall be as established in the Summary Permit Fee Rates - Change of Operator table for equipment at one location so long as the new operator files an application for a Permit to Operate within one (1) year from the last renewal of a valid Permit to Operate and does not change the operation of the affected equipment.

(B) If an application for change of operator of a permit is not filed within one (1) year from the last annual renewal of the permit under the previous operator, the new operator shall submit an application for a new Permit to Operate, along with the permit processing fee as prescribed in subparagraph (c)(1)(A). A higher fee, as described in subparagraph (c)(1)(D), shall apply.

(3) **Change of Operating Condition, Alteration/Modification/Addition**

When an application is filed for a permit involving change of operating conditions, and/or a permit involving proposed alterations/modifications or additions resulting in a change to any existing equipment for which a Permit to Construct or a Permit to Operate was granted and has not expired in accordance with these rules, the permit processing fee shall be the amount set forth in the Summary Permit Fee Rates tables. The only exceptions to this fee shall be:

(A) Permits that must be reissued with conditions prohibiting the use of toxic materials and for which no evaluation is required, no physical modifications of equipment are made, and the use of substitute materials does not increase Volatile Organic Compounds (VOC) by more than 0.5 pound in any one day. When an

application is filed for a modification described by this exception, the permit processing fee shall be \$174.79.

- (B) Permits that must be reissued to reflect the permanent removal of a standby fuel supply, or to render equipment non-operational, which:
 - (i) Do not result in a new source review emission adjustment. A reissue permit fee pursuant to Rule 301(f) shall be charged per equipment; or
 - (ii) Result in a new source review emission adjustment. A reissued permit fee of \$345.62 per equipment shall be charged.
 - (C) Permits reissued for an administrative change in permit description or for a change in permit conditions based on actual operating conditions, which do not require any engineering evaluation, and do not cause a change in emissions, for which a reissued permit fee of \$116.53 shall be charged.
 - (D) Permits reissued because of Rule 109 or Rule 109.1, which do not result in Best Available Control Technology (BACT) determination. A permit processing fee shall be 50% of the amount set forth in the Summary Permit Fee Rules tables.
- (4) Fee for Evaluation of Applications for Emission Reductions
- Every applicant who files an application for effecting emission reductions, banking emissions, obtaining emission reduction credit certificates, or registering emission reduction credits, as described in paragraph (a)(2) of this rule shall, at the time of filing, pay a processing fee in accordance with Schedule I in the Summary Permit Fee Rates tables. Additionally, the applicant shall pay a fee of \$139.79 for publication of public notice if required by Rule 1310(c).
- (5) Fee Waiver for Equipment Destroyed or Relocated due to a "State of Emergency"
- No permit processing fee shall be assessed for any application filed to replace equipment destroyed, or for the relocation of currently permitted equipment residing within a condemned building, as the result of any event declared to be a "state of emergency" by the local, state, or federal authorities.

(6) Fee for Serial Number Change of Similar Equipment

Upon surrender of a Permit to Operate and demonstration to the satisfaction of the Executive Officer that a similar equipment, except for serial number, will be provided for equipment, a Permit to Operate will be reissued bearing the new serial number upon payment of a fee of \$116.53.

(d) Annual Operating Permit Renewal Fee

(1) Renewal of Permit to Operate

All Permits to Operate (including temporary Permits to Operate pursuant to Rule 202) for equipment on the same premises shall be renewed on the annual renewal date set by the Executive Officer. A Permit to Operate is renewable if the permit is valid according to the District's Rules and Regulations and has not been voided or revoked and if the annual operating permit fee is paid within the time and upon the notification specified in paragraph (d)(8) of this rule.

(2) Annual Operating Fees

The annual operating permit renewal fee shall be assessed in accordance with the following schedules:

EQUIPMENT/PROCESS SCHEDULES	ANNUAL OPERATING PERMIT RENEWAL FEE
Equipment/Processes appearing in Tables IA and IB as Schedule A1	\$95.39
Equipment/Processes appearing in Tables IA and IB as Schedules A, B, and B1 (excluding Rule 461 liquid fuel dispensing nozzles)	\$191.11
Equipment/Processes appearing in Tables IA and IB as Schedules C and D	\$684.52
Equipment/Processes appearing in Tables IA and IB as Schedules E, F, G, and H	\$1,643.61
Rule 461 liquid fuel dispensing nozzle up to and including 6/30/01.	\$38.41 per nozzle

A facility subject to Rule 461 – Gasoline Transfer and Dispensing shall be assessed a compliance fee as part of the annual operating permit renewal fee of \$25.11 for each nozzle until July 1, 2001. A source shall

be assessed one annual operating permit renewal fee for permits subject to Rule 461, regardless of the number of such permits the source currently has in its possession. Beginning 7/1/01 a flat fee of \$56.50 per product dispensed per nozzle will be assessed instead of the sum of the annual permit renewal fee of \$38.41 per nozzle and the annual compliance fee of \$25.11 per nozzle.

(3) Credit for Solar Energy Equipment

Any permittee required to pay an annual operating permit renewal fee shall receive an annual fee credit for any solar energy equipment installed at the site where the equipment under permit is located.

(A) Computation

The design capacity of the solar energy equipment expressed in thousands of British Thermal Units (Btu) per hour shall be used to determine the fee credit calculated at \$1.07 per 1,000 Btu.

(B) Limitation

The solar energy credit shall not exceed the annual operating permit renewal fee for all permits at the site where the solar energy equipment is located.

(4) Renewal of Temporary Permit to Operate New Equipment

A Permit to Construct, which has not expired or has not been canceled or voided, will be considered a temporary Permit to Operate on the date the applicant completes final construction and commences operation, pursuant to subdivision (a) of Rule 202. For the purposes of this paragraph, the date specified as the estimated completion date on the application for Permit to Construct will be considered the date of commencement of operation, unless the applicant notifies the District in writing that operation will commence on another date, or unless the equipment already has been placed in operation. Such temporary Permit to Operate shall be valid for the period of time between commencement of operation and the applicant's next annual renewal date following commencement of operation and shall be subject to a prorated amount of the annual operating permit renewal fee prescribed in paragraph (d)(2). The proration shall be based on the time remaining to the next annual renewal date. On that next annual renewal date, and each year thereafter,

the annual operating permit renewal fee for the temporary Permit to Operate shall be due in the amount prescribed in paragraph (d)(2).

(5) **Renewal of Temporary Permit to Operate Existing Equipment**

In the case of equipment operating under a temporary Permit to Operate issued pursuant to subdivision (c) of Rule 202, where a Permit to Construct was not issued, the company is immediately subject to a prorated amount of the annual operating permit renewal fee prescribed in paragraph (d)(2) following the submission of the completed application for Permit to Operate. The proration shall be based on the time remaining to the next annual renewal date. On that next annual renewal date, and each year thereafter, the annual operating permit renewal fee shall be due in the amount prescribed in paragraph (d)(2). If no annual renewal date has been established, the Executive Officer shall set one upon receipt of the application.

(6) **Annual Renewal Date**

If, for any reason, the Executive Officer determines it is necessary to change the annual renewal date, all annual operating permit renewal fees shall be prorated according to the new annual renewal date.

(7) **Annual Renewal Date for Change of Operator**

The same annual renewal date shall apply from one change of operator to another.

(8) **Notice of Amount Due and Nonpayment Penalties**

At least thirty (30) days before the annual renewal date, the owner/operator of equipment under permit will be notified by mail of the amount to be paid and the due date. If such notice is not received at least thirty (30) days before the annual renewal date, the owner/operator of equipment under permit shall notify the District on or before the permit renewal date that said notice was not received. The annual operating permit renewal fee for each permit shall be in the amount described in paragraph (d)(2). If the annual operating permit renewal fee is not paid within thirty (30) days after the due date, the permit will expire and no longer be valid. In such a case, the owner/operator will be notified by mail of the expiration and the consequences of operating equipment without a valid permit, as required by Rule 203 (Permit to Operate). For the purpose of this paragraph, the fee payment will be considered to be received by the District if it is postmarked by the United States Postal

Service on or before the expiration date stated on the billing notice. If the expiration date falls on a Saturday, Sunday, or a state holiday, the fee payment may be postmarked on the next business day following the Saturday, Sunday, or state holiday with the same effect as if it had been postmarked on the expiration date.

(9) **Annual Operating Fees for Redundant Emission Controls**

Any person holding permits to operate for two or more emission controls applicable to the same equipment who establishes that any of the emission controls is redundant, i.e., not necessary to assure compliance with all applicable legal requirements, shall not be required to pay annual operating permit renewal fees under subdivision (d) for the redundant equipment. The Executive Officer may reinstate the obligation to pay such fees at any time upon determination that operating the control is or has become necessary to assure compliance with any applicable legal requirements.

(e) **Annual Emissions Fee**

(1) **Annual Emission Fee Applicability**

In addition to the annual operating permit renewal fee, the owner/operator of all equipment operating under permit shall pay an annual emissions fee based on the total weight of emissions of each of the contaminants specified in Table III from all equipment used by the operator at all locations, including total weight of emissions of each of the contaminants specified in Table III resulting from all products which continue to passively emit air contaminants after they are manufactured, or processed by such equipment, with the exception of such product that is shipped or sold out of the District so long as the manufacturer submits records which will allow for the determination of emissions within the District from such products.

(2) **Emissions Reporting and Fee Calculation**

For the reporting period July 1, 2000 to June 30, 2001, and all preceding reporting periods, emissions from equipment not requiring a written permit pursuant to Regulation II shall be reported but not incur a fee for emissions so long as the owner/operator keeps separate records which allow the determination of emissions from such non-permitted equipment. Beginning with the reporting period of July 1, 2001 to

June 30, 2002, and for subsequent reporting periods, each facility with total emissions including emissions from equipment or processes not requiring a written permit pursuant to Regulation II greater than or equal to the threshold amount of contaminants listed in paragraph (e)(5) shall report all emissions and incur an emissions fee as prescribed in Table III which shall be phased in over a three year period for the purpose of emission fee calculations according to the following table:

<u>Fiscal Year</u>	<u>Total Facility Emissions for Emissions Fee Calculation</u>
2001-2	Permitted + 33% of Total Non-Permitted
2002-3	Permitted + 66% of Total Non-Permitted
2003-4	Permitted + 100% of Total Non-Permitted

Non-permitted emissions which are not regulated by the District shall be reported but may be excluded from calculations for the payment of fees if the facility provides a demonstration that the emissions are not regulated and maintains sufficient records to allow the accurate demonstration of such non-regulated emissions.

(3) Exception for the Use of Clean Air Solvents

An owner/operator shall not pay a fee for emissions from the use of Clean Air Solvents issued a valid Certificate from the District so long as the facility submits separate records which allow the determination of annual emissions, usage, and identification of such products. A copy of the Clean Air Solvent certificate issued to the manufacturer or distributor shall be submitted with the separate records.

(4) Flat Annual Emission Fee

Each facility with at least one permit (not including certifications, registrations or plans) shall be assessed a flat annual emissions fee of \$75.00 for FY 2002-03 (\$37.50 for FY 2001-02) and each year thereafter.

(5) Emission Fee Thresholds

Each facility with emissions greater than or equal to the threshold amount of the contaminant listed in the table below shall also be assessed a fee as prescribed in Table III.

<u>Air contaminant(s)</u>	<u>Annual emissions threshold (TPY)</u>
Gaseous sulfur compounds (expressed as sulfur dioxide)	≥4 TPY
Total organic gases (excluding methane, specific organic gases, and contaminants listed in Table IV),	≥4 TPY
Specific organic gases	≥4 TPY
Oxides of nitrogen (expressed as nitrogen dioxide)	≥4 TPY
Total particulate matter (excluding particulate toxic air contaminants listed in Table IV)	≥4 TPY
Carbon monoxide	≥100 TPY

(6) Clean Fuels Fee Thresholds

Each source emitting 250 tons or more per year (>250 TPY) of any of the above referenced contaminants shall pay an annual clean fuels fee as prescribed in Table V (California Health and Safety Code Section 40512).

(7) Fees for Toxic Air Contaminants or Ozone Depleters

Each source emitting a toxic air contaminant or ozone depleter as listed in Table IV shall be assessed an annual emissions fee as indicated therein. The annual emissions fee for toxic air contaminants and ozone depleters shall be based on the total weight of emissions of these contaminants associated with all equipment and processes including, but not limited to, material usage, handling, processing, loading/unloading; combustion byproducts; and fugitives (equipment/component leak).

(A) Any dry cleaning facility that emits less than two (2) tons per year of perchloroethylene, and qualifies as a small business as defined in the general definition of Rule 102, shall be exempt from fees listed in Table IV. This provision shall be retroactive to include the July 10, 1992, rule amendment which included perchloroethylene in Table IV.

(B) Any facility that emits less than two (2) tons per year of formaldehyde, perchloroethylene, or methylene chloride, may petition the Executive Officer, at least thirty (30) days prior to the official submittal date of declaration of emissions as specified in paragraph (e)(7), for exemption from formaldehyde,

perchloroethylene, or methylene chloride fees as listed in Table IV. Exemption from emissions fees shall be granted if the facility demonstrates that no alternatives to the use of these substances exist, no control technologies exist, and that the facility qualifies as a small business as defined in the general definition of Rule 102.

- (8) Declaration of Total Emissions from Preceding Reporting Period and Unreported or Under-reported Emissions from Prior Reporting Periods
 - (A) The owner/operator of equipment subject to paragraph (e)(1), (e)(2), (e)(5), (e)(6), and (e)(7) shall declare to the Executive Officer the total emissions for the immediate preceding reporting period of each of the air contaminants concerned from all equipment. The declaration shall be made at the time and in the manner prescribed by the Executive Officer. The permit holder shall report the total emissions for the twelve (12) month period reporting for each air contaminant concerned from all equipment or processes, regardless of the quantities emitted.
 - (B) Beginning July 1, 1994, the reporting period for annual operating permit emissions fees shall be from July 1 of a given year through June 30 of the following year.
 - (C) The Executive Officer will determine default emission factors applicable to each piece of permitted equipment or group of permitted equipment, and provide them to the owner/operator in a general mailing, or upon request. In determining emission factors, the Executive Officer will use the best available data. A facility owner/operator can provide alternative emission factors that more accurately represent actual facility operations subject to the approval of the Executive Officer.
 - (D) A facility owner/operator shall declare to the Executive Officer, in the same manner, and quantify any emissions of air contaminants in previous reporting periods which had not been reported correctly under the requirements in effect in the reporting period in which the emissions occurred and should have been reported.
 - (E) A facility owner/operator shall submit a written request (referred to as "Amendment Request") for any proposed revisions to previously submitted annual emissions reports. Amendment

requests with no fee impact, submitted after one (1) year and sixty (60) days from the official due date (July 1) of the subject annual emissions report shall include a non-refundable standard evaluation fee of \$174.79 for each subject facility and reporting period. Evaluation time beyond two hours shall be assessed at the rate of \$87.40 per hour and shall not exceed ten (10) hours. The amendment request shall include all supporting documentation and copies of revised applicable forms. Amendment requests received within one year (1) and sixty (60) days from the official due date (July 1) of a previously submitted annual emissions report shall not incur any such evaluation fees.

- (9) Notice to Pay and Late Filing Penalties
 - (A) A notice to pay the fee specified in this subdivision will be mailed annually to the owners/operators of all equipment (as shown in District records) to which this subdivision applies. A notice to pay the semi-annual fee specified in paragraph (e)(10) will also be mailed to facilities which in the preceding reporting year emitted ten (10) tons or more of any one of the following air contaminants: gaseous sulfur compounds (expressed as sulfur dioxide), total organic gases (excluding methane, specific organic gases, and contaminants listed in Table IV), specific organic gases, oxides of nitrogen (expressed as nitrogen dioxide), or total particulate matter (excluding particulate toxic air contaminants listed in Table IV), or in excess of 100 tons per year for carbon monoxide as listed in Table III. The annual or semi-annual emissions fee payments are the responsibility of the owner/operator. Fees are due and payable immediately on receipt of the notice to pay. If the fee payment and the completed declaration of emissions (for annual emission reporting) are not received by the sixtieth (60th) day following January 1st, July 1st, or as applicable, it shall be considered late; and penalties for late payment shall be imposed as set forth in subparagraph (e)(9)(B). For the purpose of this paragraph, emissions fee payment shall be considered to be timely received by the District if it is postmarked on or before the sixtieth (60th) day following January 1st, July 1st, or as applicable. If the sixtieth (60th) day falls on a Saturday, Sunday, or a state holiday, the fee

payment and declaration of emissions may be postmarked on the next business day following the Saturday, Sunday, or the state holiday with the same effect as if it had been postmarked on the sixtieth (60th) day. Those facilities receiving notices to pay semi-annual fees shall also be subject to paragraph (e)(6).

- (B) If no fee payment is received within the time prescribed by subparagraph (e)(9)(A), a late payment penalty shall be assessed and added to the original amount of the emission fee due according to the following schedule:

Less than 30 days	5% of reported amount
30 to 90 days	15% of reported amount
91 days to 1 year	25% of reported amount
More than 1 year	(See subparagraph (e)(9)(D))

- (C) If an emission fee is timely paid, and if, within one year after the sixtieth (60th) day from the official due date is determined to be less than ninety percent (90%) of the full amount that should have been paid, a fifteen percent (15%) penalty shall be added, and is calculated based on the difference between the amount actually paid and the amount that should have been paid, to be referred to as underpayment. If payment was ninety percent (90%) or more of the correct amount due, the difference or underpayment shall be paid but with no penalties added. The fee rate to be applied shall be the fee rate in effect for the year in which the emissions actually occurred. If the underpayment is discovered after one (1) year and sixty (60) days from the official fee due date, fee rates and penalties will be assessed based on subparagraph (e)(9)(D).

- (D) The fees due and payable for the emissions reported or reportable pursuant to subparagraph (e)(8)(D) shall be assessed according to the fee rate for that contaminant specified in Tables III, IV, and V, and further increased by fifty percent (50%). The fee rate to be applied shall be the fee rate in effect for the year in which the

emissions are actually reported, and not the fee rate in effect for

the year the emissions actually occurred.

- (E) If one hundred twenty (120) days have elapsed since January 1st, July 1st, or as applicable, and all emission fees including any penalty have not been paid in full, the Executive Officer may take action to revoke all Permits to Operate for equipment on the premises, as authorized in Health and Safety Code Section 42307.
- (10) Semi-Annual Emissions Fee Payment
- (A) For facilities emitting the threshold amount of the contaminant(s) listed below, the Executive Officer will estimate one half (1/2) of the previous annual emission fees and request that the permit holder pay such an amount as the first installment on annual emission fees for the period of July 1 through June 30. This fee is due by January 1 of each year.

<u>Air contaminant(s)</u>	<u>Annual emissions threshold (TPY)</u>
Gaseous sulfur compounds (expressed as sulfur dioxide)	? 10 TPY
Total organic gases (excluding methane, <u>and</u> specific organic gases), and contaminants listed in Table IV),	? 10 TPY
Specific organic gases	? 10 TPY
Oxides of nitrogen (expressed as nitrogen dioxide)	? 10 TPY
Total particulate matter (excluding particulate toxic air contaminants listed in Table IV)	? 10 TPY
Carbon monoxide	? 100 TPY

- (B) In lieu of payment of one half the estimated annual emission fees, the facility may choose to report and pay on actual emissions for the first six months (July 1 through December 31). By July 1, the permit holder shall submit a final Annual Emission Report together with the payment of the balance, the annual emission fees less the first installment previously paid. The report shall contain an itemization of emissions from July 1 of the preceding

calendar year through June 30 of the current calendar year.

- (C) An installment fee payment is considered late and is subject to late payment penalties if not received within sixty (60) days of the due date (January 1) pursuant to paragraph (e)(8).

(11) Fee Payment Subject to Validation

Acceptance of a fee payment does not constitute validation of the emission data.

(12) Exemption for Acetone, Ethane, Parachlorobenzotrifluoride (PCBTF), and Volatile Methylated Siloxanes (VMS)

Beginning with the reporting period of July 1, 1995 to June 30, 1996, and for subsequent reporting periods, emissions of acetone, ethane, parachlorobenzotrifluoride (PCBTF), and volatile methylated siloxanes (VMS), shall not be subject to the requirements of Rule 301(e).

(13) Exception for Methyl Acetate

Beginning with the reporting period of July 1, 1999 to June 30, 2000, and for subsequent reporting periods, emissions of methyl acetate shall not be subject to the requirements of Rule 301(e).

(14) Reporting Emissions and Paying Fees on July 1, 2001

For the reporting period of July 1, 2000 to June 30, 2001, emission fees will be paid in accordance with Tables III and IV and 301(e)(2) as amended on May 11, 2001. Installment fees that have been paid by the March 1, 2001 deadline shall not be subject to this provision.

(f) Certified Permit Copies and Reissued Permits

A request for a certified permit copy shall be made in writing by the permittee after the destruction, loss, or defacement of a permit. A request for a permit to be reissued shall be made in writing by the permittee where there is a name or address change without a change of operator or location. The permittee shall, at the time a written request is submitted, pay the fees to cover the cost of the certified permit copy or reissued permit as follows:

- (1) A fee of \$15.05 shall be paid for a certified permit copy.
- (2) A fee of \$116.53 shall be paid for a reissued permit.

No fee shall be assessed to reissue a permit to correct an administrative error by District staff.

(g) Reinstating Expired Applications or Permits

An application or a Permit to Operate which has expired due to nonpayment of fees may be reinstated by submitting a request for reinstatement of the application or Permit to Operate accompanied by a reinstatement fee and payment in full of the amount of fees due at the time the application or Permit to Operate expired.. The reinstatement fee shall be fifty percent (50%) of the amount of fees due per equipment at the time the application or Permit to Operate expired, or the following amount, whichever is lower:

Facility Permit Holders	\$116.53 per equipment
Other Permit Holders	\$116.53 per equipment

Such request and payment shall be made within six months of the date of expiration. An application or Permit to Operate which has expired due to nonpayment of fees shall not be reinstated if the affected equipment has been altered since the expiration of the application or Permit to Operate. If the period of expiration has exceeded six months or the affected equipment has been altered, operation of the equipment shall require a new Permit to Operate and the application shall be subject to Rule 1313(b).

(h) Reinstating Revoked Permits

If a Permit to Operate is revoked for nonpayment of annual permit fees based on emissions or fees on non-permitted emissions, it may be reinstated upon payment by the permit holder of such overdue fees and accrued late fees in accordance with (e)(9).

(i) Special Permit Processing Fees - California Environmental Quality Act (CEQA) Documentation Preparation, Air Quality Analysis, Health Risk Assessment, and Public Notice on Significant Projects

(1) Payment for CEQA Documentation Preparation

When a determination is made by the Executive Officer that the District is the Lead Agency for a project, pursuant to the California Environmental Quality Act (CEQA), Public Resources Code Section 21000 et seq. and state CEQA Guidelines (14 California Code of Regulations section 15000 et seq.), the project applicant may be required to pay a review fee (based on a staff rate of \$87.40 per hour) when a 400-

CEQA form requires the CEQA staff to review for CEQA applicability. If preparation of CEQA documentation is deemed necessary, the applicant shall pay an initial fee for the preparation of necessary CEQA documentation according to the following schedule:

Notice of Exemption (upon applicant request)	\$174.80
Negative Declaration	\$2,636.09
Mitigated Negative Declaration	\$2,636.09
Environmental Impact Report (EIR)	\$3,514.76
Supplemental or Subsequent EIR	\$3,514.76
Addendum to EIR	\$2,636.09

If the Executive Officer determines that the District's CEQA preparation costs (may include, but not limited to, mailing, noticing, publications, et cetera) and staff time (based on the rate of \$87.40 per hour) exceed the initial fee the project applicant, upon notification from the District, shall make periodic payment of the balance due. The Executive Officer shall determine the amount and timing of such periodic payments, based upon the level of CEQA analysis and the amount of monies needed to offset the actual preparation costs.

(2) Payment for Air Quality Analysis

When a determination is made by the Executive Officer that an air quality analysis of the emissions from any source is necessary to predict the extent and amount of air quality impact prior to issuance of a permit, the Executive Officer may order air quality simulation modeling by qualified District personnel. Alternatively, the Executive Officer may require (or the owner/operator of the source may elect) that modeling be performed by the owner/operator or an independent consultant.

Where modeling is performed by the owner/operator or an independent consultant, the Executive Officer may require that the results be verified by qualified District personnel. The owner/operator of the source shall provide to the Executive Officer a copy of the final modeling report including all input data, description of methods, analyses, and results. The owner/operator of the source modeled by District personnel shall pay a fee as specified in Table II to cover the costs of the modeling analysis. A fee, as specified in Table II, shall be charged to offset the cost of

District verification of modeling performed by an independent consultant.

(3) Payment for Health Risk Assessment

- (A) When a determination is made by the Executive Officer that any source being evaluated for a Permit to Construct or a Permit to Operate may emit toxic or potentially toxic air contaminants, the Executive Officer may order a Health Risk Assessment be conducted by qualified District personnel or by a qualified consultant, as determined by the Executive Officer, engaged by the District under a contract. Alternatively, the Executive Officer may require (or owner/operator of the source may elect) that the assessment be performed by the owner/operator or an independent consultant engaged by the owner/operator. The Health Risk Assessment shall be performed pursuant to methods used by the California EPA's Office of Environmental Health Hazard Assessment.
- (B) For a Health Risk Assessment conducted by the owner/operator of the source or the owner/operator's consultant, the Executive Officer may require that the results be verified by qualified District personnel or by a qualified consultant engaged by the District. The owner/operator of the source shall provide to the Executive Officer a copy of the final Health Risk Assessment including all input data, and description of methods, analyses, and results. The owner/operator of the source for which a Health Risk Assessment is conducted or is evaluated and verified by District personnel or consultant shall pay the fees specified in Table II to cover the costs of an Air Quality Analysis and Health Risk Assessment analysis, evaluation, or verification. When the Health Risk Assessment is conducted or is evaluated and verified by a consultant engaged by the District, or District personnel, the fees charged will be in addition to all other fees required.
- (C) When a Health Risk Assessment is evaluated by the California EPA, pursuant to Health and Safety Code Sections 42315, 44360, 44361 or 44380.5, or by a consultant engaged by the California EPA, or when the District consults with the California EPA regarding the Health Risk Assessment, any fees charged by the

California EPA to the District will be charged to the person whose Health Risk Assessment is subject to the review, in addition to other fees required.

(4) **Payment for Public Notice on Significant Projects**

An applicant for a significant project, as defined in Rule 212(c) may be assessed a fee for preparation of the notice required by that rule. The amount of the fee shall be as specified in Table II.

(5) **Payment for Review of Continuous Emissions Monitoring System (CEMS), Fuel Sulfur Monitoring System (FSMS), and Alternative Continuous Emissions Monitoring System (ACEMS)**

(A) **New Application for Process Equipment Requiring CEMS or, Alternatively, an FSMS or ACEMS to Comply with the CEMS Requirement**

When a determination is made by the Executive Officer that a Continuous Emissions Monitoring System (CEMS) is required in order to determine a source's compliance with a District rule or regulation, the applicant shall:

- (i) Apply for the use of a CEMS and pay a basic processing fee as specified in Table II at the time of filing.
- (ii) Apply for the use of an FSMS or ACEMS in lieu of a CEMS and pay a basic processing fee as specified in Table II at the time of filing.

(B) **Modification of an Existing Certified CEMS, FSMS, or ACEMS**

If a certified CEMS, FSMS, or ACEMS is modified in a manner (excluding routine replacement or servicing of CEMS or FSMS components for preventive or periodic maintenance according to established quality assurance guidelines, or CEMS or FSMS components designated by the Executive Officer as "standardized" or direct replacement-type components) determined by the Executive Officer to compromise a source's compliance with a District rule or regulation, the applicant shall pay a processing fee covering the evaluation of the modification and recertification, if necessary, as follows:

- (i) If one or more CEMS or FSMS components (excluding additional pollutant monitors) are replaced, modified, or added, the applicant shall pay a minimum processing fee

of \$466.42; and additional fees will be assessed at a rate of \$87.40 per hour for time spent on the evaluation in excess of 10 hours up to a maximum total fee of \$2,916.10.

- (ii) If one or more pollutant monitors are added to a CEMS or FSMS (and one or more of its components are concurrently replaced, modified, or added), the applicant shall pay a minimum processing fee as specified in Table II, based on the number of CEMS or FSMS pollutant monitors and components added.
 - (iii) If one or more pollutant emission sources at a facility are added to an FSMS, a time-shared CEMS, or a SO_x CEMS which is specifically used to “back-calculate” fuel sulfur content for these sources, the applicant shall pay a minimum processing fee as specified in Table II, based on the number of CEMS or FSMS monitors and components added.
 - (iv) If one or more ACEMS (or PEMS) components are replaced, modified, or added, the applicant shall pay a minimum processing fee of \$466.42; and additional fees will be assessed at a rate of \$87.40 per hour for time spent on the evaluation in excess of 10 hours up to a maximum total fee of \$2,916.10.
- (C) Modification of CEMS, FSMS, or ACEMS Monitored Equipment
For any RECLAIM or non-RECLAIM equipment monitored or required to be monitored by a CEMS, FSMS, or ACEMS, that is modified in a manner determined by the Executive Officer to compromise a source’s compliance with a District CEMS-, FSMS-, or ACEMS-related rule or regulation, or requires an engineering evaluation, or causes a change in emissions; the applicant shall pay a minimum processing fee of \$466.42, covering the evaluation and recertification, if necessary, of the CEMS, FSMS, or ACEMS. Additional fees will be assessed at a rate of \$87.40 per hour for time spent on the evaluation in excess of 10 hours up to a maximum total fee of \$2,916.10.

(D) Periodic Assessment of an Existing RECLAIM CEMS, FSMS, or ACEMS

An existing RECLAIM CEMS, FSMS, or ACEMS, which undergoes certification as in (i)(5)(A), must be retested on a quarterly, semi-annual, or annual basis to remain in compliance with District Regulation XX. The applicant shall pay a minimum processing fee of \$466.42 for this evaluation, if required. Additional fees will be assessed at a rate of \$87.40 per hour for time spent on the evaluation in excess of 10 hours up to a maximum total fee of \$2,916.10.

(E) CEMS, FSMS, or ACEMS Change of Ownership

Every applicant who files an application for a change of operator of a RECLAIM or non-RECLAIM facility permit shall also file an application for a change of operator of a CEMS, FSMS, or ACEMS, if applicable, and be subject to a processing fee equal to \$139.04 for the first CEMS, FSMS, or ACEMS, plus \$27.74 for each additional CEMS, FSMS, or ACEMS.

(6) Payment for Review and Certification of Barbecue Charcoal Igniter Products

(A) Certification of Barbecue Charcoal Igniter Products

Pursuant to the requirements of District Rule 1174, manufacturers, distributors, and/or retailers of applicable barbecue charcoal igniter products shall perform the required testing and shall submit a formal report for review by AQMD staff for product compliance and certification. For each product evaluated, the applicant shall pay a minimum processing fee of \$436.99 per product certified, and additional fees will be assessed at the rate of \$87.40 per hour for time spent on the evaluation/certification process in excess of 5 hours.

(B) Repackaging of Certified Barbecue Charcoal Igniter Products

When a currently certified barbecue charcoal igniter product is repackaged for resale or redistribution, the manufacturer, distributor, and/or retailer shall submit the required documentation to AQMD staff for evaluation and approval. For each product or products evaluated, the applicant shall pay a

processing fee of \$218.50 for the first certificate issued, and additional fees will be assessed at the rate of \$87.40 per hour for the time spent in excess of 3 hours for the first certificate issued. Additional certificates for the same product or products shall be assessed at the rate of \$43.70 per each additional certificate issued.

(7) Fees for Inter-basin, Inter-district, or Interpollutant Transfers of Emission Reduction Credits

An applicant for inter-basin, inter-district, or interpollutant transfer of ERCs shall file an application for ERC Change of Title and pay fees as listed in the Summary ERC Processing Rates – Banking, Change of Title, Alteration/Modification Table. Additional fees shall be assessed at a rate of \$87.40 per hour for the time spent on review and evaluation of inter-basin, inter-district, and interpollutant transfers of ERCs pursuant to Rule 1309 subdivisions (g) and (h).

(8) Fees for Grid Search to Identify Hazardous Air Pollutant Emitting Facilities

A fee of \$220 shall be submitted by any individual, business or agency requesting the District to conduct a grid search to identify all facilities with the potential to emit hazardous air pollutants located within one-quarter mile of a proposed school boundary.

Failure to pay the fees described in this subdivision within thirty (30) days after their due date(s) shall result in expiration of pending applications, and no further applications will be accepted from the applicant until the fees have been paid in full.

(j) Request for Time Extension of Payment Due

Whenever this rule requires fees to be paid by a certain date to avoid expiration, cancellation, or the imposition of an increased fee for late payment, the Executive Officer may, for good cause, grant an extension of time, not to exceed one hundred eighty (180) days, within which the fee payment shall be made. Any request for an extension of time hereunder shall be made in writing and accompanied by a statement of reasons why the extension should be granted.

(k) Adjustment of Fees

The Executive Officer may, upon finding an administrative error by District staff regarding the calculation, imposition, noticing, invoicing, and/or collection of any fee set forth in this rule, rescind, reduce, increase, or modify such fee. Any request for such relief from an administrative error shall be received by the District in writing prior to the expiration date of notification of the amount due, accompanied by a statement of why such relief should be granted.

(l) Refunds

(1) If an application for a permit is canceled, permit processing fees, less the application cancellation fee, will be refunded:

(A) If it is determined that such application was not required pursuant to District rules; or

(B) If the permit processing procedure has not been initiated for applications that are filed for a Permit to Construct; or

(C) If the permit processing for a Permit to Operate has not been initiated for applications which are filed for equipment which subsequently is exempted from permit requirements under Rule 219.

(D) Applications filed for a Permit to Operate for equipment which has been operating without a required District permit will not receive a refund.

(2) The application cancellation fee will be \$116.53, or the permit fee set forth in the Summary Permit Fee Rates tables, whichever is less.

(3) Claims for refund of any fee required by this rule shall be submitted in writing within fourteen (14) months after the fee was paid, or three (3) years in the case of District errors, which shall not include revisions to applicable emissions factors used to calculate annual operating permit emissions fees.

(4) The cancellation fee shall not apply when the application was filed based on an erroneous District request.

(m) Fee Waivers and Reductions

(1) On or after January 1, 1996, the District shall, from the date the first application is received, waive annual operating permit renewal fees

required by subdivision (d) above for the first two annual renewals of a new manufacturing facility that locates within the South Coast Air Basin and creates five hundred (500) or more new full-time jobs with total facility NO_x, SO_x, VOC, or PM₁₀ emissions per full-time employee equal to or less than one-half (1/2) of any emission per employee target ratio for the industry class for the Year 2010 stated in the Air Quality Management Plan. After the first two annual renewal fee waiver time periods, the owner/operator shall be liable for all applicable fees set forth in subdivision (d) above.

- (2) A request for a fee waiver or reduction shall be made in the manner prescribed on forms provided by the Executive Officer. The Executive Officer may request supporting documentation of such a request. If the owner/operator, at any time during the applicable fee waiver or reduction time period, does not operate the facility in a manner consistent with all applicable District rules, the Executive Officer may take action to rescind the fee waiver or reduction.

(n) Government Agencies

All applicants and permittees, including federal, state, or local governmental agencies or public districts, shall pay all fees.

(o) RECLAIM Facilities

- (1) For RECLAIM facilities, this subdivision specifies additional conditions and procedures for assessing the following fees:
- (A) Facility Permit;
 - (B) Facility Permit Amendment;
 - (C) Change of Operating Condition;
 - (D) Change of Operator;
 - (E) Annual Operating Permit;
 - (F) Transaction Registration;
 - (G) RECLAIM Pollutant Emission;
 - (H) Duplicate Permits;
 - (I) Reissued Permits;
 - (J) RECLAIM Breakdown Emissions; and
 - (K) Non-Tradeable Allocation Credit Mitigations.

- (2) RECLAIM Fees Applicability
All RECLAIM Facility Permit holders shall be subject to this subdivision.
- (3) Rule 301 - Permit Fees Applicability
Unless specifically stated, all RECLAIM Facility Permit holders shall be subject to all other provisions of Rule 301 - Permit Fees.
- (4) Facility Permit Fees
 - (A) Existing facilities entering the RECLAIM program after initial implementation of the RECLAIM program will pay 10 percent of the sum of the permit processing fees from the Summary Permit Fee Rates tables for each equipment merged into the Facility Permit, with a minimum fee of \$291.42.
 - (B) New facilities with new equipment entering the RECLAIM program will pay a Facility Permit Fee equal to the sum total of the permit processing fees from the Summary Permit Fee Rates tables for each equipment merged into the Facility Permit.
- (5) Facility Permit Amendment
At the time of filing an application for an addition, alteration or modification to a Facility Permit that requires an engineering evaluation or causes a change in emissions, a Facility Permit Amendment Fee shall be paid. Such fee shall be equal to \$550.00 (\$1,100.00 if both a RECLAIM and Title V facility) plus the sum of applicable fees assessed for each affected equipment as specified in the Summary Permit Fee Rates tables.
- (6) Change of Operating Condition
At the time of filing an application for a Change of Operating Conditions that requires engineering evaluation or causes a change in emissions, a Change of Condition Fee shall be paid. Such fee shall be equal to the sum of fees assessed for each equipment subject to the change of condition as specified in the Summary Permit Fee Rates - Permit Processing, Change of Conditions, Alteration/Modification table and in the Summary ERC Processing Rates – Banking, Change of Title, Alteration/Modification table.

(7) Fee for Change of Operator

The Permit Processing Fee for a change of operator of a RECLAIM facility permit shall be determined by the number of equipment items listed in the Facility Permit, corresponding to the Number of Equipment in the Table Summary Permit Fee Rates - Change of Operator, Non-Small Business.

(8) Annual Operating Permit Renewal Fee

(A) Unless otherwise stated within this subdivision, the Facility Permit holder shall be subject to all terms and conditions pursuant to subdivision (d).

(B) An Annual Operating Permit Renewal Fee shall be submitted by the end of the compliance year. Such fee shall be equal to the sum of applicable permit renewal fees specified in paragraph (d)(2).

(C) At least thirty (30) days before the annual renewal date, the owner/operator of equipment under permit will be notified by mail of the amount to be paid and the due date. If such notice is not received at least thirty (30) days before the annual renewal date, the owner/operator of equipment under permit shall notify the District on or before the permit renewal date that said notice was not received. If the Annual Operating Permit Renewal fee is not paid within thirty (30) days after the due date, the permit will expire and no longer be valid. In such a case, the owner/operator will be notified by mail of the expiration and the consequences of operating equipment without a valid permit as required by District Rule 203 (Permit to Operate). For the purpose of this subparagraph, the fee payment will be considered to be received by the District if it is postmarked by the United States Post Office on or before the expiration date stated on the billing notice. If the expiration date falls on a Saturday, Sunday, or a state holiday, the fee payment may be postmarked on the next business day following the Saturday, Sunday, or state holiday as if it had been postmarked on the expiration date.

(9) Transaction Registration Fee

The transferor and transferee of an RTC shall jointly register the transaction with the District pursuant to District Rule 2007 - Trading Requirements. The transferee shall pay a Transaction Registration Fee of \$56.98 at the time the transaction is registered with the District.

(10) RECLAIM Pollutant Emission Fee

At the end of the time period of July 1 through June 30, RECLAIM facilities shall pay a RECLAIM Pollutant Emission Fee based on the facilities' total certified RECLAIM pollutant emissions. For facilities emitting ten (10) tons per year or more of any contaminant the previous year, the Facility Permit holders shall pay a semiannual installment equal to one half (1/2) of the total estimated fee with final balance due at the end of the period of July 1 through June 30.

(A) The Facility Permit Holder shall pay emission fees according to the provisions of subdivision (e) for all emissions that are not accounted for with RECLAIM pollutant emissions. The Facility Permit holder shall add non-RECLAIM emissions to applicable RECLAIM emissions to determine the appropriate fee rate from Table III fee rate per ton of emissions.

(B) For the time period of July 1 through June 30 of each year, Facility Permit Holders shall pay RECLAIM Pollutant Emission Fees according to the provisions of subdivision (e), except that:

- (i) Fees based on emissions of RECLAIM pollutants as defined in Rule 2000(c)(58) for annual payments shall be calculated based on certified emissions as required by paragraph (b)(2) or (b)(4) of Rule 2004, as applicable;
- (ii) RECLAIM Pollutant Emission Fees shall be due by July 1 of each year for both Cycle 1 and Cycle 2 Facilities;
- (iii) Facilities emitting ten (10) tons per year or more of a RECLAIM pollutant during the previous time period of July 1 through June 30, shall also pay a semi-annual installment based on either (a) one-half (1/2) of the facility's RECLAIM pollutant fees for the previous year (July 1 through June 30); or (b) emissions certified in the first two (2) quarters falling in the time period of July 1

through September 31, and October 1 through December 31 as required by paragraph (b)(2) and (b)(4) of Rule 2004, due by January 1 of each year for both Cycle 1 and Cycle 2 Facilities.

- (iv) A fee payment is considered late and subject to the late payment penalties of paragraph (e)(8) if not received within sixty (60) days of the due date specified in this paragraph.
- (C) If the Executive Officer determines that the APEP emissions reported by a Facility Permit Holder are less than the amount calculated as specified in Rule 2004(b)(2) and (b)(4), the Facility Permit Holder shall pay RECLAIM Pollutant Emission Fees on the difference between the APEP total as determined by the Executive Officer and the reported APEP total as specified in subparagraph (o)(10)(A).
- (D) In the event that certified emissions determined pursuant to Rule 2004(b)(2) and (b)(4), for compliance year beginning January 1, 1995 and after, include emissions calculated using missing data procedures, and these procedures were triggered pursuant to Rule 2011(c)(3) or 2012(c)(3) solely by a failure to electronically report emissions for major sources due to a problem with transmitting the emission data to the District which was beyond the control of the Facility Permit holder, such portion of the emissions may be substituted by valid emission data monitored and recorded by a certified CEMS, for the purpose of RECLAIM pollutant emission fee determination only, provided that a petition is submitted to the Executive Officer with the appropriate processing fee by the Facility Permit holder. The petition must be made in writing and include all relevant data to clearly demonstrate that the valid emission data were recorded and monitored by a certified CEMS as required by Rules 2011 and 2012 and the only reason for missing data procedures being triggered was due to a problem with transmitting the emission data to the District which was beyond the control of the Facility Permit holder. In addition to RECLAIM pollutant emission fee, the petitioner shall pay a minimum processing fee of \$262.19; and

additional fees will be assessed at a rate of \$87.40 per hour for time spent on evaluation in excess of 3 hours.

(11) Certified Permits Copies

A request for a certified copy of a Facility Permit shall be made in writing by the permittee. The permittee shall, at the time the written request is submitted, pay \$15.05 for the first page and \$1.07 for each additional page in the Facility Permit.

(12) Reissued Permits

A request for a reissued Facility Permit shall be made in writing by the permittee where there is a name or address change without a change of operator or location, or for an administrative change in permit description, which do not require any engineering evaluation, and do not cause a change in emissions. The permittee shall, at the time the written request is submitted, pay \$116.53 for the first page plus \$1.07 for each additional page in the facility permit.

(13) Breakdown Emission Report Evaluation Fee

The Facility Permit Holder, submitting a Breakdown Emission Report to seek exclusion of excess emissions from the annual allocations pursuant to Rule 2004 - Requirements, shall pay fees for the evaluation of a Breakdown Emission Report. The Facility Permit Holder shall pay a filing fee of \$87.40 at the time of filing of a Breakdown Emission Report, and shall be assessed an evaluation fee at the rate of \$87.40 per hour.

(14) Breakdown Emission Fee

At the end of the time period from July 1 through June 30, the Facility Permit holder shall pay a Breakdown Emission Fee for excess emissions determined pursuant to District Rule 2004 - Requirements. The Facility Permit Holder shall include excess emissions to the total certified RECLAIM emissions to determine the appropriate RECLAIM Pollutant Emission Fee.

(15) Mitigation of Non-Tradeable Allocation Credits

Upon submitting a request to activate non-tradeable allocation credits pursuant to District Rule 2002(h), the RECLAIM Facility Permit Holder shall pay a mitigation fee of \$5,832.62 per ton of credits requested plus a non-refundable \$58.15 processing fee.

- (16) Evaluation Fee to Increase an Annual Allocation to a Level Greater than a Facility's Starting Allocation Plus Non-Tradable Credits

The Facility Permit Holder submitting an application to increase an annual Allocation to a level greater than the facility's starting allocation plus non-tradable credits pursuant to Rule 2005 - New Source Review shall pay fees for the evaluation of the required demonstration specified in Rule 2005(c)(3). The Facility Permit Holder shall pay an evaluation fee at the rate of \$87.40 per hour.

(p) Title V Facilities

(1) Applicability

The requirements of this subdivision apply only to facilities that are subject to the requirements of Regulation XXX - Title V Permits.

(2) Rule 301 Applicability

All Title V facilities shall be subject to all other provisions of Rule 301 - Permit Fees, except as provided for in this subdivision.

(3) Permit Processing Fees for Existing Facilities with Existing District Permits Applying for an Initial Title V Facility Permit

(A) The applicant shall pay the following initial fee when the application is submitted:

Number of devices	Title V Initial Fee	
	For applications submitted from July 1, 1999 until June 30, 2001	For applications submitted on or after July 1, 2001
1-20	\$874.15	\$874.15
21-75	\$1,835.89	\$2,797.55
76-250	\$3,584.51	\$6,294.77
251+	\$5,770.30	\$10,666.25

To determine the initial fee when the number of devices is not available, the applicant may substitute the number of active equipment. This fee will be adjusted when the Title V permit is issued and the correct number of devices is known.

- (B) The applicant shall, upon notification by the District of the amount due when the permit is issued, pay the following final fee based on the time spent on the application:

Number of devices	Title V Final Fee for Applications Submitted on or after July 1, 1998		
	For time spent from July 1, 1999 until June 30, 2000	For time spent on or after July 1, 2000 until June 30, 2001	For time spent on or after July 1, 2001
1-20	\$42.09 per hour for time spent in excess of 8 hours, up to a maximum of total fee of \$10,290.00	\$84.28 per hour for time spent in excess of 8 hours, up to a maximum total fee of \$10,290.00	\$87.40 per hour for time spent in excess of 8 hours, up to a maximum total fee of \$10,670.73
21-75	\$42.09 per hour for time spent in excess of 30 hours, up to a maximum total fee of \$20,580.00	\$84.28 per hour for time spent in excess of 30 hours, up to a maximum total fee of \$20,580.00	\$87.40 per hour for time spent in excess of 30 hours, up to a maximum total fee of \$21,341.46
76-250	\$42.09 per hour for time spent in excess of 70 hours, up to a maximum total fee of \$51,450.00	\$84.28 per hour for time spent in excess of 70 hours, up to a maximum total fee of \$51,450.00	\$87.40 per hour for time spent in excess of 70 hours, up to a maximum total fee of \$53,353.65
251+	\$42.09 per hour for time spent in excess of 120 hours, up to a maximum total fee of \$77,175.00	\$84.28 per hour for time spent in excess of 120 hours up to a maximum total fee of \$77,175.00	\$87.40 per hour for time spent in excess of 120 hours, up to a maximum total fee of \$80,030.48

For applicants that did not pay the correct initial fee based on the actual number of devices, the fee when the permit is issued shall be equal to the correct initial fee less the initial fee actually paid, plus the final fee.

For Title V applications submitted after January 15, 1998 and before July 1, 1998, the fee when the permit is issued shall be a final fee for time spent in excess of eight hours equal to \$42.09 per hour for time spent from July 1, 1998 to June 30, 2000, and \$87.40 per hour for time spent on or after July 1, 2000, subject to

the caps based on the number of devices set forth in the table in this subparagraph.

Applications submitted on or prior to January 15, 1998 shall not be subject to the final fee.

- (C) If the facility requests revisions to the existing permit terms or conditions, including permit streamlining, an alternative operating scenario or a permit shield, the facility shall submit additional applications with the applicable fees in subdivisions (c) and (i) for each piece of equipment for which a revision is requested. Evaluation time spent on these additional applications shall be excluded from the time calculated for the billing for initial permit issuance in subparagraph (p)(3)(B).

(4) **Permit Processing Fee Applicability**

The permit processing fee for a new facility required to obtain a Title V facility permit to construct shall be the sum of all the applicable fees in subdivisions (c) and (i) for all equipment at the facility.

(5) **Rule 301 Fee Applicability**

The permit processing fee for a facility required to obtain a Title V facility permit because of a modification, pursuant to paragraph (c)(2) of Rule 301, shall be those specified in paragraph (p)(3) plus the sum of all the applicable fees in subdivisions (c) and (i) for all new and modified equipment at the facility.

(6) **Administrative Permit Revision Fee**

Notwithstanding paragraphs (o)(6), (o)(9), and (q)(3), and except as provided in paragraphs (o)(5), (o)(7), (o)(12), (q)(3), (q)(5) and (q)(8), the permit processing fee for an administrative permit revision shall be a fee of \$544.00, (\$431.60 for FY2001-02).

(7) **Permit Revision Fee**

The permit processing fees for a minor permit revision, de minimis significant permit revision, or significant permit revision shall be \$320.00 (\$216.19 for FY2001-02) plus the applicable fee in paragraphs (o)(5), (o)(6), (q)(3), and (q)(4). RECLAIM facilities shall only pay the fee specified in paragraph (o)(5).

(8) **Renewal Fees**

The fees for renewal of a Title V Facility Permit, at the end of the term specified on the permit, shall be an initial processing fee of \$611.76 to be

paid when the application is submitted; and a final fee of \$87.40 per hour for time spent on the application in excess of 5 hours, due upon notification by the District of the amount due when the permit is issued.

(9) Public Notice Fees

The holder of, or applicant for, a Title V permit shall, upon notification by the District of the amount due, pay the costs incurred by the District to issue a public notice.

(10) Public Hearing Fees

The holder of, or applicant for, a Title V permit shall, upon notification by the District of the amount due, pay fees of \$1,749.68 plus \$583.05 per hour for a public hearing held on a permit action.

(11) Application Cancellation

If a Title V permit application is canceled, the applicant shall pay, upon notification of the amount due, a final fee in accordance with this subdivision. The District shall refund the initial fee only if evaluation of the application has not been initiated.

(12) Notice of Amount Due and Nonpayment Penalties

For fees due upon notification, such notice may be given by personal service or by deposit, postpaid, in the United States mail and shall be due thirty (30) days from the date of personal service or mailing. For the purpose of this paragraph, the fee payment will be considered to be received by the District if it is postmarked by the United States Postal Service on or before the expiration date stated on the billing notice. If the expiration date falls on a Saturday, Sunday, or a state holiday, the fee payment may be postmarked on the next business day following the Saturday, Sunday, or the state holiday with the same effect as if it had been postmarked on the expiration date. Nonpayment of the fee within this period of time will result in permit expiration or revocation of the subject permit(s) in accordance with subdivision (f) of Rule 3002. No further applications will be accepted from the applicant until such time as overdue permit processing fees have been fully paid.

(13) Exclusion Requests

The fees for requesting exclusion or exemption from the Title V program shall be calculated in accordance with Rule 306 – Plan Fees.

(q) All Facility Permit Holders

(1) Applicability

The requirements of this subdivision apply to all non-RECLAIM holders of a Facility Permit.

(2) Rule 301 Applicability

All non-RECLAIM Facility Permit holders or applicants shall be subject to all other provisions of Rule 301 - Permit Fees, except as provided for in this subdivision.

(3) Facility Permit Revision

Except as provided in paragraphs (p)(7) and (p)(8), the permit processing fee for an addition, alteration or revision to a Facility Permit that requires engineering evaluation or causes a change in emissions shall be the sum of applicable fees assessed for each affected equipment as specified in subdivisions (c) and (i).

(4) Change of Operating Condition

The permit processing fee for a Change of Operating Condition that requires engineering evaluation or causes a change in emissions shall be the sum of fees assessed for each equipment or process subject to the change of condition as specified in subdivisions (c) and (i).

(5) Fee for Change of Operator

The permit processing fee for a change of operator of a facility permit shall be determined by the number of processes listed in the Facility Permit, corresponding to the number of Equipment/ processes in the Table "Summary of Permit Rates - Change of Operator".

(6) Annual Operating Permit Renewal Fee

(A) Unless otherwise stated within this subdivision, the Facility Permit holder shall be subject to all terms and conditions pursuant to subdivision (d).

(B) An Annual Operating Permit Renewal Fee shall be submitted by the end of the compliance year. Such fee shall be equal to the sum of applicable annual operating permit renewal fees specified in paragraph (d)(2).

(C) At least thirty (30) days before the annual renewal date, the owner/operator of equipment under permit will be notified by

mail of the amount to be paid and the due date. If such notice is not received at least thirty (30) days before the annual renewal date, the owner/operator of equipment under permit shall notify the District on or before the permit renewal date that said notice was not received. If the Annual Operating Permit Renewal Fee is not paid within thirty (30) days after the due date, the permit will expire and no longer be valid. In such a case, the owner/operator will be notified by mail of the expiration and the consequences of operating equipment without a valid permit as required by District Rule 203 (Permit to Operate). For the purpose of this subparagraph, the fee payment will be considered to be received by the District if it is postmarked by the United States Post Office on or before the expiration date stated on the billing notice. If the expiration date falls on a Saturday, Sunday, or a state holiday, the fee payment may be postmarked on the next business day following the Saturday, Sunday, or state holiday as if it had been postmarked on the expiration date.

(7) Certified Permit Copies

A request for a certified copy of a Facility Permit shall be made in writing by the permittee. The permittee shall, at the time a written request is submitted, pay \$15.05 for the first page and \$1.07 for each additional page in the facility permit.

(8) Reissued Permits

A request for a reissued Facility Permit shall be made in writing by the permittee where there is a name or address change without a change of operator or location, or for an administrative change in permit description or a change in permit conditions to reflect actual operating conditions, which do not require any engineering evaluation, and do not cause a change in emissions. The permittee shall, at the time a written request is submitted, pay \$116.53 for the first page plus \$1.07 for each additional page in the Facility Permit.

(r) Asbestos Fees

Any person who is required by District Rule 1403 - Asbestos Emissions from Demolition/Renovation Activities to submit a written notice of intention to demolish or renovate shall pay at the time of delivery of notification, the

Asbestos and Lead Fees specified in Table VI of this rule. Fees are per notification and multiple fees may apply. No notification shall be considered received pursuant to Rule 1403, unless it is accompanied by the required payment.

(s) **Lead Abatement Notification Fees**

A person who is required by a federal or District rule to submit written notice of intent to abate lead shall, at the time of delivery of notification, pay the appropriate renovation and abatement fee specified in Table VI of this rule. Fees are per notification and multiple fees may apply. No notification shall be considered received unless it is accompanied by the required payment.

(t) **NESHAP Evaluation Fee**

- (1) At the time of filing an application for a Change of Operating Conditions submitted solely to comply with the requirements of a NESHAP, a NESHAP Evaluation Fee shall be paid. The fee shall be \$182.15. Additional fees shall be assessed at a rate of \$87.40 per hour for time spent in the evaluation in excess of two (2) hours, to a maximum total fee not to exceed the applicable Change of Conditions Fees listed for each affected piece of equipment as specified in the Summary Permit Fee Rates - Permit Processing, Change of Conditions, Alteration /Modification table and in the Summary ERC Processing Rates - Banking, Change of Title, Alteration/Modification table.
- (2) Payment of all applicable fees shall be due in thirty (30) days from the date of personal service or mailing of the notification of the amount due. Non-payment of the fees within this time period will result in expiration of the permit. For the purpose of this paragraph, the fee payment will be considered to be received by the District if it is postmarked by the United States Postal Service on or before the expiration date stated on the billing notice. If the expiration date falls on a Saturday, Sunday, or a state holiday, the fee payment may be postmarked on the business day following the Saturday, Sunday, or the state holiday, with the same effect as if it had been postmarked on the expiration date. No further applications will be accepted until such time as all overdue fees have been fully paid.

(u) Fees for Certification of Clean Air Solvents

Persons applying for Clean Air Solvent certification shall pay the following fee for each product to be certified:

Gas Chromatograph/Mass Spectrometry Analysis	\$248.47 for five or fewer compounds \$23.05 for each additional compound
Density measurement	\$93.18
Time and material	\$87.40 per person per hour or prorated portion thereof
Clean Air Solvent Certificate	\$127.11

At the time of filing for a Clean Air Solvent certificate, the applicant shall submit a fee of \$556.15 for each product to be tested. Adjustments, including refunds or additional billings, shall be made to the submitted fee as necessary. A Clean Air Solvent Certificate shall be valid for five (5) years from the date of issuance and shall be renewed upon the determination of the Executive Officer that that the product(s) containing a Clean Air Solvent continue(s) to meet Clean Air Solvent criteria, and has not been reformulated. After five (5) years from the date of Clean Air Solvent certificate issuance, a renewal fee of \$111.19 shall be charged for the reissuance of the Clean Air Solvent Certificate to applicants whose products continue to meet Clean Air Solvent criteria.

(v) All Facility Registration Holders

(1) Applicability

The requirements of this subdivision apply to all holders of a Facility Registration.

(2) Rule 301 Applicability

Unless specifically stated otherwise, all Facility Registration holders shall be subject to all other provisions of Rule 301 - Permit Fees.

(3) Fee Applicability to Existing Facilities

Existing facilities entering the Facility Registration Program shall pay no fee if no changes are initiated by actions of the permittee to the existing permit terms or conditions or to the draft Facility Registration prepared by the District.

- (4) **Duplicate of Facility Registrations**
A request for a duplicate of a Facility Registration shall be made in writing by the permittee. The permittee shall, at the time a written request is submitted, pay \$15.05 for the first page and \$1.07 for each additional page in the Facility Registration.
- (5) **Reissued Facility Registrations**
A request for a reissued Facility Registration shall be made in writing by the permittee where there is a name or address change without a change of operator or location, or for an administrative change in permit description or a change in permit conditions to reflect actual operating conditions, which do not require any engineering evaluation, and do not cause a change in emissions. The permittee shall, at the time a written request is submitted, pay \$116.53 for the first equipment listed in the Facility Registration plus \$1.07 for each additional equipment listed in the Facility Registration.
- (w) **Service Charge for Returned Check**
Any person who submits a check to the District on insufficient funds or on instructions to stop payment on the check, absent an overcharge or other legal entitlement to withhold payment, shall be subject to a \$27.74 service charge.
- (x) **Fees for Non-permitted Emission Sources Subject to Rule 222**
 - (1) **Initial Filing Fee**
Upon adoption of Rule 222, at the time specified in Rule 222 each owner/operator of an emission source subject to Rule 222 shall pay to the District a non-refundable filing and processing fee of \$106.71 per source. When an emission source is built, erected, installed, or replaced without the owner/operator filing a Rule 222 application, the processing fee assessed shall be 150 percent (150%) of the initial filing fee.
 - (2) **Change of Operator Fee**
A fee of \$106.71 shall be charged to a person applying for a Change of Operator for a source subject to Rule 222.
 - (3) **Annual Renewal Fee**
On the annual renewal date set by the Executive Officer, the owner/operator of a source subject to Rule 222 shall pay a renewal fee of

\$106.71 for charbroilers, negative air machines, and retrofitted boilers and process heaters.

(A) If, for any reason, the Executive Officer determines it is necessary to change the annual renewal date, all annual renewal fees shall be prorated according to the new annual renewal date.

(B) Notice of Amount Due and Nonpayment Penalties

At least thirty (30) days before the annual renewal date, the owner/operator of equipment subject to Rule 222 will be notified by mail of the amount to be paid and the due date. If such notice is not received at least thirty (30) days before the annual renewal date, the owner/operator of equipment under Rule 222 shall notify the District on or before the annual renewal date that said notice was not received. If the annual renewal fee is not paid within thirty (30) days after the due date, the filing will expire and no longer be valid. In such a case, the owner/operator will be notified by mail of the expiration and the consequences of operating equipment without a valid filing, as required by Rule 222. For the purpose of this paragraph, the fee payment will be considered to be received by the District if it is postmarked by the United States Postal Service on or before the expiration date stated on the billing notice. If the expiration date falls on a Saturday, Sunday or a state holiday, the fee payment may be postmarked on the next business day following the Saturday, Sunday, or state holiday with the same effect as if it had been postmarked on the expiration date.

(C) Reinstating Expired Applications or Filings

An application which has been filed but which has expired due to non-payment of fees may be reinstated by submitting a request for reinstatement of the application accompanied by a reinstatement fee and payment in full of the amount of fees due at the time the application expired. The reinstatement fee shall be fifty percent (50%) of the amount of fees due per equipment at the time the application expired. Payment of all overdue fees and the reinstatement fee shall accompany the request for reinstatement. Such request and payment of such fees shall be made within six (6) months of the date of expiration. If the period of expiration

has exceeded six (6) months or the affected equipment has been altered, a new application shall be required.

(y) **Optional Expedited Permit Processing Fee**

Fees for requested expedited processing of permit applications will be an additional fee based upon actual processing time billed at a rate for staff overtime which is equal to half of \$87.40 per hour. The established permit application fees found in the applicable permit fee tables and provisions of Rule 301(c) shall be paid at the time of filing with the additional overtime fee billed following permit issuance. Fees are due at the time specified in the bill which will allow a reasonable time for payment. This proposal is contingent upon the ability of the District to implement the necessary policies and procedures and the availability of qualified staff for overtime permit processing.

(z) **Enforcement Inspection Fees for Statewide Equipment**

An enforcement inspection fee of \$80.04 shall be assessed one time per calendar year for each registered portable engine or equipment unit inspected, unless for reasonable cause the District performs an inspection leading to determination of non-compliance with this regulation, or any applicable state or federal requirements. In this instance, the fee shall be \$80.04 per portable engine or equipment unit for each inspection necessary for the determination and ultimate resolution of the violation. If no fee payment is received within 30 days of written notice, a fee penalty of \$48.02 per portable engine or equipment unit per inspection shall be assessed. Failure to pay within 90 days of written notice may result in cancellation of registration. Canceled registration may be reinstated by applying for registration through the California Air Resources Board and payment of all fees due, including penalty fees, to the California Air Resources Board and the District, as appropriate.

**SUMMARY PERMIT FEE RATES -
PERMIT PROCESSING, CHANGE OF CONDITIONS,
ALTERATION/MODIFICATION**

Schedule 7/1/01 – 6/30/02	Permit Processing Fee 7/1/01 – 6/30/02	Change of Condition 7/1/01 – 6/30/02	Alteration/ Modification 7/1/01 – 6/30/02
A	\$579.11	\$279.78	\$579.11

Crematory	C
Crude Oil, Cracking Catalytic Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	G
Crude Oil, Distillation Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Crude Oil/Gas/Water Separation System (< 30 BPD)** Including, but not limited to, all or part of the following: Adsorbers, Oil Water Separators, Oil Gas Water Separators, Pits, Sumps, Tanks, Vessels, ...	B
Crude Oil/Gas/Water Separation System, (>= 30 BPD & < 400 BPD)** Including, but not limited to, all or part of the following: Adsorbers, Oil Water Separators, Oil Gas Water Separators, Pits, Sumps, Tanks, Vessels, ...	C

Equipment/Process	Schedule
Crude Oil/Gas/Water Separation System, (>= 400 BPD)** Including, but not limited to, all or part of the following: Adsorbers, Oil Water Separators, Oil Gas Water Separators, Pits, Sumps, Tanks, Vessels, ...	E
Decorating Lehr	C
Decorator	B
Deep-Fat Fryer	C
Dehydration Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	C
Degreaser, Cold Solvent Dipping	B
Degreaser, Cold Solvent Spray	C
Degreaser, (>1 lb VOC/day)	B
Degreaser (VOC w/Toxics)	C
Degreaser, (<=1 lb VOC/day)	A
Delayed Coking Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Deposition on Ceramics (< 5 pieces)	B
Deposition on Ceramics (5 or more pieces)	C
Desalting Unit Including, but not limited to, all or part of the following: Mixers, Pumps, Reactors, Settling Tanks, Sumps, Tanks, Vessels, ...	C
Die Casting Equipment	C
Digester Gas Desulfurization System Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Tanks, Towers, Vessels, ...	C

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Dip Tank, Coating	B
Dip Tank, (<=3 gal/day)	A
Distillation, Other Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	C
Drilling Rig, Crude Oil Prod.	C
Drop Forge	B
Dry Cleaning & Associated Control Equipment	A
Dryer for Organic Material	C
Drying/Laundry	A
Drying, Other	B
Emission Reduction Credits [Rule 301(c)(4)]	I
End Liner, Can	B
Ethylene Oxide Sterilization, Hospital	B
Evaporation, Other	B
Evaporator, toxics	C
Extraction - Benzene Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	C
Extruder	B
Extrusion System (Multiple Units) Including, but not limited to, all or part of the following: Extruders, ...	C
Fatty Acid Mfg.	C
Feathers, Size Classification	A
Feed Handling (combining conveying and loading)	D
Fermentation/Brewing Including, but not limited to, all or part of the following: Hoppers, Conveyors, Brew Kettles...	C

Equipment/Process	Schedule
Fertilizer, Natural, Packaging/ Processing Including, but not limited to, all or part of the following: Bins, Conveyors, Bucket Elevators, Hoppers, Loading Arms, Weigh Stations...	B
Fertilizer, Synthetic, Production Including, but not limited to, all or part of the following: Bins, Conveyors, Bucket Elevators, Mixers, Dryers, Process Tanks, Reactors, Hoppers, Loading Arms, Weigh Stations, ...	C
Fiberglass Panel Mfg Including, but not limited to, all or part of the following: Conveyors, Mixers, Reactors, Process Tanks, Cutters, ...	C
Filament Winder, Other	B
Filament Winder, Rule 1401 toxics	C
Filling Machine, Dry Powder	C
Film Cleaner	B
Flour Handling (combining conveying, packaging, and loadout)	E
Flour Manufacturing (combining milling and conveying)	E
Flour Milling Including, but not limited to, all or part of the following: Bins, Conveyors, Bucket Elevators, Hoppers, Mills, Weigh Stations, ...	D
Flow Coater	B
Fluid Catalytic Cracking Equipment Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	H
Fluid Elimination, Waste Water	B
Foam-in-Place Packaging	A
Food Processing Grinding, Blending, Packaging, Conveying, Flavoring	C

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Fractionation Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Fruit and Vegetable Treating	A
Fuel Gas Mixer	C
Fuel Gas, Treating Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Scrubbers, Settling Tanks, Towers, Vessels, ...	D
Fuel Storage & Dispensing Equipment (Rule 461) Including, but not limited to, all or part of the following: Storage Tanks, Dispensing Nozzles, ...	A
Fumigation	A
Furnace, Arc	D
Furnace, Burn-Off, Armature	C
Furnace, Burn-Off, Drum	D
Furnace, Burn-Off, Engine Parts	C
Furnace, Burn-Off, Other	C
Furnace, Burn-Off, Paint	C
Furnace, Burn-Off, Wax	C
Furnace, Cupola	D
Furnace, Electric, Induction and Resistance	C
Furnace, Frit	C
Furnace, Galvanizing	C
Furnace, Graphitization and Carbonization	C
Furnace, Heat Treating	B
Furnace, Other Metallic Operations	C
Furnace, Pot/Crucible	C
Furnace, Reverberatory	D
Furnace, Wire Reclamation	C
Garnetting, Paper/Polyester Including, but not limited to, all or part of the following: Feeders, Conveyors, Condensers, Cutters, ...	C

Equipment/Process	Schedule
Gas Plant Including, but not limited to, all or part of the following: Accumulators, Columns, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Re-generators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Gas Turbine, Landfill/Digester Gas, <0.3MW	B
Gas Turbine, Landfill/Digester Gas, >=0.3 MW	E
Gas Turbine, >50 MW, other fuel	G
Gas Turbine, <=50 MW, other fuel	D
Gas Turbine, Emergency, <0.3 MW	A
Gas Turbine, Emergency, >=0.3 MW	C
Gas-Oil Cracking Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Gasoline, In-line Blending Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
Gasoline, Refining Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
Gasoline, Separation - Liquid Production Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Gasoline, Vapor Gathering System Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
Gasoline Blending Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Scrubbers, Settling Tanks, Towers, Vessels, ...	E
Gasoline Fractionation Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	F
Glass Forming Machine	C
Glass Furnace < 1TPD	B
Glass Furnace, > 50 TPD Pull	E
Glass Furnace, >= 1 TPD <= 50 TPD Pull	D
Grain Cleaning Including, but not limited to, all or part of the following: Air Classifiers, Bins, Conveyors, Bucket Elevators, Hoppers, Mills, Screens, Weigh Stations, ...	C
Grain Handling (combining storage and cleaning)	E
Grain Storage	C
Grinder, Size Reduction	B
Groundwater Treatment System Including, but not limited to, all or part of the following: Air Strippers, Adsorbers, Process Tanks, ...	C
Gypsum, Calcining Including, but not limited to, all or part of the following: Air Classifiers, Bins, Conveyors, Bucket Elevators, Hoppers, Kilns, Weigh Stations, ..	E
Halon/Refrigerants, Recovery and Recycling Equipment	A1
Heater, (<5 MMBTU/hr)	B

Equipment/Process	Schedule
Heater, (5 - 20 MMBTU/hr)	C
Heater, (>20-50 MMBTU/hr)	D
Heater, (>50 MMBTU/hr)	E
Hot End Coating, (Glass Mfg. Plant)	B
Hydrant Fueling, Petrol. Middle Distillate Including, but not limited to, all or part of the following: Storage Tanks, Dispensing Nozzles, ...	D
Hydrocarbons, Misc., Treating Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
Hydrogen Desulfurization (HDS) Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	F
Hydrogen Production Equipment Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	F
Hydrotreating Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
IC Engine, (51-500 HP) Cogeneration	B
IC Engine, (> 500 HP) Cogeneration	C
IC Engine, Emergency, 51 - 500 HP	A
IC Engine, Emergency, >500 HP	B
IC Engine, Landfill/Digester Gas	D

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
IC Engine, Other, 51-500 HP	B
IC Engine, Other, >500 HP	C
Impregnating Equipment	C
Incineration, Hazardous Waste	H
Incinerator, < 300 lbs/hr, Non-Hazardous	E
Incinerator, ≥300 lbs/hr, Non-Hazardous	F
Indoor Shooting Range	B
Ink Mfg./Blending Including, but not limited to, all or part of the following: Process Tanks, Mixers, ...	B
Inorganic Chemical Mfg. Including, but not limited to, all or part of the following: Process Tanks, Mixers, Reactors, ...	D
Insecticide Separation/Mfg Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Coolers, Drums, Ejectors, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Iodine Reaction Including, but not limited to, all or part of the following: Columns, Compressors, Condensers, Coolers, Heat Exchangers, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Tanks, Towers, ...	C
Isomerization Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Jet Engine Test Facility	C
Kiln, Natural Gas	C
Landfill Condensate/Leachate Collection/Storage	B
Landfill Gas, Collection	D
Landfill Gas, Treatment	E
Lime/Limestone, Conveying Including, but not limited to, all or part of the following: Bins, Conveyors, Bucket Elevators, Hoppers, Weigh Stations, ...	C

Equipment/Process	Schedule
Liquid Separation, Other Including, but not limited to, all or part of the following: Process Tanks, Settling Tanks, Separators, Tanks,	D
Liquid Waste Processing, Hazardous Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Reactors, Process Tanks, Clarifiers, Settling Tanks, Waste Water Separators, Tanks, ...	E
Liquid Waste Processing, Non Hazardous Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Reactors, Process Tanks, Clarifiers, Settling Tanks, Waste Water Separators, Tanks, ...	C
LPG, Tank Truck Loading	D
LPG, Treating Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
LPG Distillation Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Lube Oil Additive/Lubricant Mfg.	B
Lube Oil Re-refining Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
Marine Bulk Loading/Unloading Sys. Including, but not limited to, all or part of the following: Bins, Conveyors, Bucket Elevators, Hoppers, Loading & Unloading Arms, Weigh Stations, ...	D

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Marine Vessel Displaced Vapor Control Including, but not limited to, all or part of the following: Absorbers, Compressors, Condensers, Knock Out Pots, Pumps, Reactors, Saturators, ...	D
Merichem Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
Mercox Treating Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Metallic Mineral Production Including, but not limited to, all or part of the following: Bins, Bucket Elevators, Conveyors, Feeders, Hoppers, Crushers, Cyclones, Log Washers, Mixers, Screens, Vibrating Grizzlies, Weigh Stations, ...	E
Misc. Solvent Usage at a Premise	B
MTBE Production Facility Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Coolers, Drums, Ejectors, Heat Exchangers, Knock Out Pots, Mixers, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	F
Natural Gas Odorizers	C
Natural Gas Dehydration Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	C

Equipment/Process	Schedule
Natural Gas Stabilization Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Scrubbers, Regenerators, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Nut Roasters Including, but not limited to, all or part of the following: Bins, Conveyors, Bucket Elevators, Hoppers, Roasters, Coolers, ...	C
Nut Shell Drying Including, but not limited to, all or part of the following: Bins, Conveyors, Bucket Elevators, Hoppers, Dryers, Coolers, ...	C
Oil Heating & Circulating System Including, but not limited to, all or part of the following: Heat Exchangers, Pumps, Tanks, ...	D
Oil/Water Separator (< 10,000 GPD) Including, but not limited to, all or part of the following: Oil Water Separators, Pits, Sumps, Tanks, Vessels, ...	B
Oil/Water Separator (>= 10,000 GPD) Including, but not limited to, all or part of the following: Oil Water Separators, Pits, Sumps, Tanks, Vessels, ...	C
Open-Air resin operations	A
Oven Bakery	C
Oven, Curing (Rule 1401 toxics)	C
Oven, Other	B
Packaging, Other	B
Paint Stripping, Molten Caustic	C
Paper Conveying	A
Paper Pulp Products	D
Paper Size Reduction	C
Pavement Grinder	B
Pavement Heater	B
Pelletizing, Chlorine Compounds Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Pelletizers, Mixers, Dryers, ...	C
Perlite Furnace	C

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Perlite Handling Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Bucket Elevators, ...	C
Pesticide/Herbicide Mfg. Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Coolers, Drums, Ejectors, Heat Exchangers, Knock Out Pots, Mixers, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Petroleum Coke Calcining Including, but not limited to, all or part of the following: Bins, Conveyors, Reactors, Mixers, Process Tanks, Kilns,...	F
Petroleum Coke Conveying Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Bucket Elevators, ...	B
Pharmaceutical Mfg. Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Reactors, Process Tanks, Pelletizers, Mixers, Dryers, ...	C
Pharmaceutical Mfg. Tableting, Coating Vitamins or Herbs	C
Pipe Coating, Asphaltic	B
Plasma Arc Cutting	C
Plastic Mfg., Blow Molding Machine	B
Plastic/Resin Size Reduction Including, but not limited to, all or part of the following: Bins, Bucket Elevators, Conveyors, Feeders, Hoppers, Grinders, Mills, Cyclones, Screens, Weigh Stations, ...	B
Plastic/Resins Reforming	C
Plastic/Resins Treating	C
Plastisol Curing Equipment	B
Polystyrene Expansion/Molding	C
Polystyrene Expansion/Packaging	C
Polystyrene Extruding/Expanding	B

Equipment/Process	Schedule
Polyurethane Foam Mfg. Including, but not limited to, all or part of the following: Coolers, Heat Exchangers, Pumps, Reactors, Mixers, Process Tanks, ...	C
Polyurethane Mfg/Production	B
Polyurethane Mfg/Rebonding	B
Process Line, Chrome Plating (Hexavalent)	C
Process Line, Chrome Plating (Trivalent)	B
Precious Metal, Recovery, Other	B
Precious Metal, Recovery, Catalyst	D
Printing Press, Air Dry	B
Printing Press With IR, EB or UV Curing	B
Printing Press, Other	C
Printing Press, Screen	B
Production, Other	B
Railroad Car Loading/Unloading, Other	C
Railroad Car Unloading, liquid direct to trucks	B
Reaction, Other	C
Recovery, Other	B
Refined Oil/Water Separator Including, but not limited to, all or part of the following: Oil/Water Separators, Pits, Sumps, Tanks, Vessels, ...	B
Refrigerant Recovery/Recycling	A1
Rendering Equipment, Blood Drying	C
Rendering Equipment, Fishmeal Drying	C
Rendering Equipment, Rendering	D
Rendering Equipment, Separation, Liquid	C
Rendering Product, Handling Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Bucket Elevators, ...	C
Resin, Varnish Mfg. Including, but not limited to, all or part of the following: Coolers, Heat Exchangers, Pumps, Reactors, Mixers, Process Tanks, ...	D
Roller Coater	B

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Rubber Mfg. Including, but not limited to, all or part of the following: Coolers, Heat Exchangers, Pumps, Reactors, Mixers, Process Tanks, ...	C
Rubber Presses or Molds with a ram diameter of more than 26 inches Submitted before September 11, 1999	A
Submitted on or after September 11, 1999	B
Rubber Roll Mill	B
Sand Handling Equipment, Foundry Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Bucket Elevators, ...	C
Sand Handling Equipment w/Shakeout, Foundry Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Bucket Elevators, ...	D
Screening, Green Waste	A
Screening, Other Including, but not limited to, all or part of the following: Screens, Conveyors, Bins, Hoppers, Bucket Elevators, ...	C
Semiconductor, Int. Circuit Mfg (<5 pieces)	B
Semiconductor, Int. Circuit Mfg (5 or more)	C
Semiconductor, Photo resist (<5 pieces)	B
Semiconductor, Photo resist (5 or more pieces)	C
Semiconductor, Solvent Cleaning (<5 pieces)	B
Semiconductor, Solvent Cleaning (5 or more pieces)	C
Sewage Sludge Composting	C
Sewage Sludge Drying, Conveying, Storage, Load-out Including, but not limited to, all or part of the following: Conveyors, Bins, Hoppers, Bucket Elevators, Loading Arms, ...	D
Sewage Sludge Digestion	D
Sewage Sludge Dryer	D
Sewage Sludge Incineration	H

Equipment/Process	Schedule
Sewage Treatment, (> 5 MGD), Aerobic Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Clarifiers, Settling Tanks, Trickling Filters, Waste Water Separators, Tanks, ...	F
Sewage Treatment, (<=5 MGD) Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Clarifiers, Settling Tanks, Trickling Filters, Waste Water Separators, Tanks, ...	C
Sewage Treatment, (> 5 MGD), Anaerobic Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Digesters, Filter Presses, Clarifiers, Settling Tanks, Trickling Filters, Waste Water Separators, Tanks, ...	G
Sheet Machine	B
Shell Blasting System	B
Shipping Container System	B
Sintering	C
Size Reduction, Other Including, but not limited to, all or part of the following: Bins, Bucket Elevators, Conveyors, Dryers, Feeders, Hoppers, Crushers, Cyclones, Mixers, Screens, Weigh Stations, ...	C
Size Reduction, Petroleum Coke Including, but not limited to, all or part of the following: Bins, Bucket Elevators, Conveyors, Dryers, Feeders, Hoppers, Crushers, Cyclones, Mixers, Screens, Weigh Stations, ...	C
Sludge Dewatering, Other Including, but not limited to, all or part of the following: Filter Press, Process Tanks, Settling Tanks, ...	D
Sludge Dryer, Other	B
Sludge Incinerator	H
Smoke Generator	B
Smokehouse	C

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Soap/Detergent Mfg Including, but not limited to, all or part of the following: Process Tanks, Mixers, Tanks, Conveyors, Bins, Hoppers, Bucket Elevators, ...	D
Soil Treatment, Other Including, but not limited to, all or part of the following: Bins, Conveyors, Ovens, ...	D
Soil Treatment, Vapor Extraction Including, but not limited to, all or part of the following: Adsorbers, Afterburners, ...	C
Solder Leveling	B
Soldering Machine	B
Solvent Reclaim, Still (Multistage)	C
Solvent Reclaim, Still (Single stage)	A
Solvent Redistillation Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Spent Stretford Solution Regeneration Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D
Spray Equipment, Open	B
Spray Machine, Adhesive	B
Spray Machine, Coating	B
Spray Machine, Powder Coating	B
Spraying, Resin/Gel Coat	C
Sterilization Equipment	C
Stereolithography	A
Storage, Petroleum Coke	C
Storage Container, Baker-Type	B
Storage Container, Baker-Type w/Control	C
Storage Silo, Other Dry Material	A
Storage Tank, w/o Control, Crude Oil/Petroleum Products	B

Equipment/Process	Schedule
Storage Tank, Acid with sparger	B
Storage Tank, Ammonia with sparger	B
Storage Tank, Asphalt <=50,000 gallons	B
Storage Tank, Asphalt >50,000 gallons	C
Storage Tank, Fixed Roof with Internal Floater	C
Storage Tank, Fixed Roof with Vapor Control	C
Storage Tank, Fuel Oil	A
Storage Tank, Lead Compounds	C
Storage Tank, LPG	A
Storage Tank, LPG w/Vaporizing System	C
Storage Tank, Other	A
Storage Tank, Other w/ Control Equipment	B
Storage Tank, with Passive Carbon s.s.	B
Storage Tank, with Passive Carbon m.s.	C
Storage Tank, with Passive Carbon t.s.	C
Storage Tank, Rendered Products	C
Storage Tank, Waste Oil	A
Storage Tank with condenser	B
Storage Tank, with External Floating Roof	C
Stove-Oil Filter/Coalescer Facility	D
Striper, Can	B
Striper, Pavement	B
Stripping, Other	B
Sulfonation Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Sulfuric Acid Plant Including, but not limited to, all or part of the following: Accumulators, Columns, Condensers, Drums, Heat Exchangers, Knock Out Pots, Pots, Pumps, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	F

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Sump, Spill Containment	A
Sump, Covered & Controlled	B
Tablet Coating Pans	A
Tank, Chemical Milling	C
Tank, Chrome Plating Hexavalent	C
Tank, Cadmium Plating Line	B1
Tank, Chromic Acid Anodizing	C
Tank, Degassing Unit	D
Tank, Lead Stripping	B
Tanks, Nickel Plating Line	B1
Tank, Nitric Acid	C
Tank, Plating (other)	B
Tank, Rule 1401 toxics	C
Tank, Emitting >1 lb/day PM ₁₀	C
Tank, Other, Hexavalent Chrome	C
Tank, Other, Aqueous Solution	B
Tank, Stripping w/Methylene Chloride	C
Textiles, Recycled, Processing	C
Thermal Cracking Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Tire Buffer	A
Treating, Other	B
Treating, Petroleum Distillates Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	D

Equipment/Process	Schedule
Vacuum Distillation Unit Including, but not limited to, all or part of the following: Absorbers, Accumulators, Columns, Compressors, Condensers, Drums, Fractionators, Heat Exchangers, Knock Out Pots, Pots, Pumps, Reactors, Regenerators, Scrubbers, Settling Tanks, Sumps, Tanks, Towers, Vessels, ...	E
Vacuum Machine	C
Vacuum Metalizing	B
Vacuum Pumps	C
Vegetable Oil Extractor Including, but not limited to, all or part of the following: Bins, Conveyors, Cookers, Presses, Tanks, Kilns, ...	E
Warming Device, Electric	A
Waste Water Treating (< 10,000 gpd) Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Clarifiers, Settling Tanks, Waste Water Separators, Tanks, ...	B
Waste Water Treating (>= 10,000 to <20,000 gpd) Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Clarifiers, Settling Tanks, Waste Water Separators, Tanks, ...	C
Waste Water Treating (< 20,000 gpd) no toxics Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Clarifiers, Settling Tanks, Waste Water Separators, Tanks, ...	B
Waste Water Treating (>= 20,000 to < 50,000 gpd) Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Clarifiers, Settling Tanks, Waste Water Separators, Tanks, ...	D
Waste Water Treating (>= 50,000 gpd) Including, but not limited to, all or part of the following: Air Floatation Units, Floatation Units, Filter Presses, Clarifiers, Settling Tanks, Waste Water Separators, Tanks, ...	E

TABLE IB - PERMIT FEE RATES FOR BASIC EQUIPMENT

Equipment/Process	Schedule
Waste-to-Energy Equipment	H
Wet Gate Printing Equipment using Perchloroethylene Submitted before September 11, 1999	A
Submitted on or after September 11, 1999	B
Weigh Station	A
Wood Treating Equipment Including, but not limited to, all or part of the following: Coater Operations, Process Tanks,...	C

TABLE II
SPECIAL PROCESSING FEES

Schedule	Air Quality Analysis/Health Risk Assessment	Significant Project Review
A	\$3,056.20	\$509.53
B	\$3,056.20	\$509.53
C	\$3,056.20	\$1,018.20
D	\$3,056.20	\$1,018.20
E	\$3,056.20	\$1,018.20
F	\$3,056.20	\$1,018.20
G	\$3,056.20	\$1,018.20
H	\$4,075.69	\$2,037.79

Certification Review		
CEMS and FSMS Review¹	Basic Fee²	Maximum Fee
Any combination of pollutants, diluent, flow, or other parameter ³ for:		
One to two components	\$2,099.57	\$3,759.19
Three to four components	\$2,780.90	\$6,674.11
For each additional component beyond four, the following amount is added to the fee for four components	\$0	\$1,708.81
For time-sharing of CEMS, the following amount is added to any fee determined above	\$0	\$1,708.81
ACEMS Review	Basic Fee⁴	Maximum Fee
	\$2,099.57	\$6,674.11

¹The certification fee includes the initial application approval, approval of test protocol, and approval of the performance test results. An application resubmitted after a denial will be treated as a new application and will be subject to a new fee.

²Covers up to 40 hours evaluation time for the first two components, 60 hours for the first four components, and up to an additional 12 hours for each component beyond four. Excess hours beyond these will be charged at \$87.40 per hour, to the maximum listed in the table.

³Additional components, as necessary, to meet monitoring requirements (e.g., moisture monitor).

⁴Covers up to 40 hours evaluation time.

**TABLE III
EMISSION FEES**

Annual Emissions (tons/yr)	Organic Gases* (\$/ton)	Specific Organics** (\$/ton)	Nitrogen Oxides (\$/ton)	Sulfur Oxides (\$/ton)	Carbon Monoxide (\$/ton)	Particulate Matter*** (\$/tons)
4 - 25	\$337.04	\$60.31	\$197.18	\$233.78		\$257.73
>25 - 75	\$547.21	\$95.54	\$313.21	\$377.89		\$417.61
>75	\$819.11	\$143.31	\$471.71	\$567.36		\$625.26
> 100					\$4.03	

* Excluding Ozone Depleters, Organic Toxics, and Specific Organic Gases. See Table IV and paragraph (b)(25).

** See Specific Organic Gases paragraph (b)(25).

*** Excluding Particulate Toxic Air Contaminants, See Table IV.

TABLE IV
TOXIC AIR CONTAMINANTS AND OZONE DEPLETERS

TOXIC COMPOUNDS			Fee \$/1 lb
Asbestos *			\$3.53
Benzene			\$1.17
Cadmium *			\$3.53
Carbon tetrachloride			\$1.17
Chlorinated dioxins and dibenzofurans (26 species)			\$5.87
Ethylene dibromide			\$1.17
Ethylene dichloride			\$1.17
Ethylene oxide			\$1.17
Formaldehyde			\$0.24
Hexavalent chromium *			\$4.70
Methylene chloride			\$0.06
Nickel *			\$2.34
Perchloroethylene			\$0.24
1,3-Butadiene			\$3.53
Inorganic arsenic			\$3.53
Beryllium *			\$3.53
Polynuclear aromatic hydrocarbons (PAHs)			\$3.53
Vinyl chloride			\$1.17
Lead *			\$1.17
1,4-Dioxane			\$0.24
Trichloroethylene			\$0.11
OZONE DEPLETERS			Fee \$/1 lb
Chlorofluorocarbons (CFCs)			\$0.21
1,1,1-trichloroethane			\$0.04

* Particulate Toxic Air Contaminants

TABLE V
ANNUAL CLEAN FUELS FEES

Volatile Organic Compounds (\$/ton)	Nitrogen Oxides (\$/ton)	Sulfur Oxides (\$/ton)	Particulate Matter (\$/ton)
\$26.25	\$14.73	\$18.25	\$14.73

TABLE VI
DEMOLITION, ASBESTOS AND LEAD NOTIFICATION FEES

Commercial Demolition, Renovation and Abatement, by Project Size¹			
100 to 1,000square feet	>1,000 to 5,000 square feet	>5,000 to 10,000 square feet	>10,000 square feet
\$27.96	\$85.47	\$200.07	\$313.72

Demolition Notifications of < 100 square feet and all Residential Notifications for Single Unit Dwellings	Revision to Notification	Special Handling Fee²	Procedure 4 or 5 Notification, all sizes
\$27.96	\$11.31	\$26.68	\$313.72

¹ For commercial demolition, the fee is based on the building size.
For refinery or chemical unit demolition, the fee is based on the structure's footprint surface area.
For renovation and abatement, the fee is based on the amount of asbestos removed.

² For all notifications postmarked less than 14 calendar days prior to project start day
